Urbannet Nakano Building

41<sup>st</sup>  
Fiscal Period

# Semiannual Report

Ended April 30, 2023

 **NTT UD REIT Investment Corporation**

1-5-1 Otemachi, Chiyoda Ward, Tokyo  
<http://nud-reit.co.jp/en>  
Securities Code: 8956

## 1 Comprehensive Support from **NTT Urban Development**, the Sole Comprehensive Real Estate Company in the NTT Group

Since May 2010, when NTT Urban Development (NTT UD) participated as its sponsor, NTT UD REIT Investment Corporation (NUD) has received a broad range of support from NTT UD, including such pipeline support services as supply and information provision of new properties, as well as support for leasing activities and provision of property management operations.

## NTT Urban Development

- Abundant track record of development and pipelines for office buildings
- Operating capability in real estate rental business
- Fund-raising capability based on its high credibility

Results of Property Acquisitions through NTT UD's Pipelines  
(As of April 30, 2023)

## 2 **Compound Portfolio** with Office Buildings and Residential Properties as Main Investment Targets

- Mitigates the impact of economic fluctuations by combining asset types that have low correlation to each other in terms of market rent fluctuations
- Diversifies the tenant base into different types such as corporations and individuals

Portfolio Distribution by Asset Type  
(As of April 30, 2023)

## 3 Portfolio Focused in the **Tokyo Economic Bloc**

- Focuses investments in the Tokyo Economic Bloc, which enjoys an established economic base due to a high concentration of population and industry
- Partially expands the target investment area to Major Regional Cities (strengthening ties with NTT UD)

Portfolio Distribution by Geographical Area  
(As of April 30, 2023)

# MESSAGE TO OUR UNITHOLDERS

**Takeshi Oodera**  
Executive Director  
NTT UD REIT Investment Corporation (NUD)

**Yutaka Torigoe**  
President and CEO  
(Asset management company)  
NTT Urban Development Asset Management Corporation (UDAM)

On behalf of NTT UD REIT Investment Corporation (NUD), I would like to express our sincere gratitude for the loyal patronage of our unitholders.

With NTT Urban Development Corporation becoming its sole sponsor in October 2020, the Investment Corporation changed its name to NTT UD REIT Investment Corporation in April 2021. Since then, we have continued to ensure steady growth of the portfolio and secure stable earnings by further leveraging support from the sponsor.

In the 41st fiscal period that ended April 2023, NUD conducted an asset replacement transaction. Rokubancho Building, from which the sole tenant moved out during the period, was transferred to the sponsor (part of the ownership interest will be transferred in the 42nd fiscal period) and Urbannet Nakano Building, a property operating at stable occupancy, was acquired. Thanks to the support of the sponsor, NUD was able to achieve an early recovery in earnings and utilize unrealized gains for returns to unitholders.

As for the owned properties other than the replaced ones, the occupancy rate remained stable at over 95% for both office buildings and residential properties. As a result, NUD posted operating revenues of 12,346 million yen and net income of 5,007 million yen for the 41st fiscal period. Distribution per unit came to 3,216 yen, which surpassed the forecast of 3,150 yen for the period announced as of February 24, 2023. NUD's owned assets as of April 30, 2023, comprise 60 properties with 28 office buildings and 32 residential properties amounting to 275.1 billion yen in total.

Looking ahead, we at NUD will continue our utmost efforts to meet the expectations of our unitholders by realizing steady growth of assets and stable management over the medium to long term in line with the growth strategy of the NTT Group. We appreciate and request your continued support and encouragement.

# 41ST FISCAL PERIOD PERFORMANCE HIGHLIGHTS

## Financial Results Highlights

	Distribution per Unit (Note 1)
40th Fiscal Period (ended October 2022)	¥ 2,787
41st Fiscal Period (ended April 2023)	¥ 3,216
42nd Fiscal Period (ending October 2023) (Note 2)	¥ 3,150 (forecast)

(Note 1) Number of outstanding investment units at end of period:  
40th Fiscal Period: 1,401,635 units  
41st Fiscal Period: 1,401,635 units  
42nd Fiscal Period: 1,401,635 units (forecast)  
(Note 2) The figure is based on what was announced in the Financial Report for the 41st Fiscal Period Ended April 30, 2023 (November 1, 2022 – April 30, 2023) dated June 15, 2023.

	40th Fiscal Period (as of October 31, 2022)	41st Fiscal Period (as of April 30, 2023)
Operating Revenues	10,618 million yen	12,346 million yen
Operating Income	4,339 million yen	5,447 million yen
Ordinary Income	3,909 million yen	5,007 million yen
Net Income	3,907 million yen	5,007 million yen
Total Assets	277,449 million yen	277,216 million yen
Net Assets	137,656 million yen	138,756 million yen
Net Assets Ratio	49.6%	50.1%
Net Assets per Unit	98,211 yen	98,996 yen
LTV (Note)	Total assets basis	45.4%
	Market value basis	38.8%
		45.0%
		38.1%

(Note) LTV (Total assets basis) = interest-bearing liabilities / total assets × 100  
LTV (Market value basis) = interest-bearing liabilities / (appraisal value of owned properties and beneficiary interests in trust + book value of preferred securities) × 100

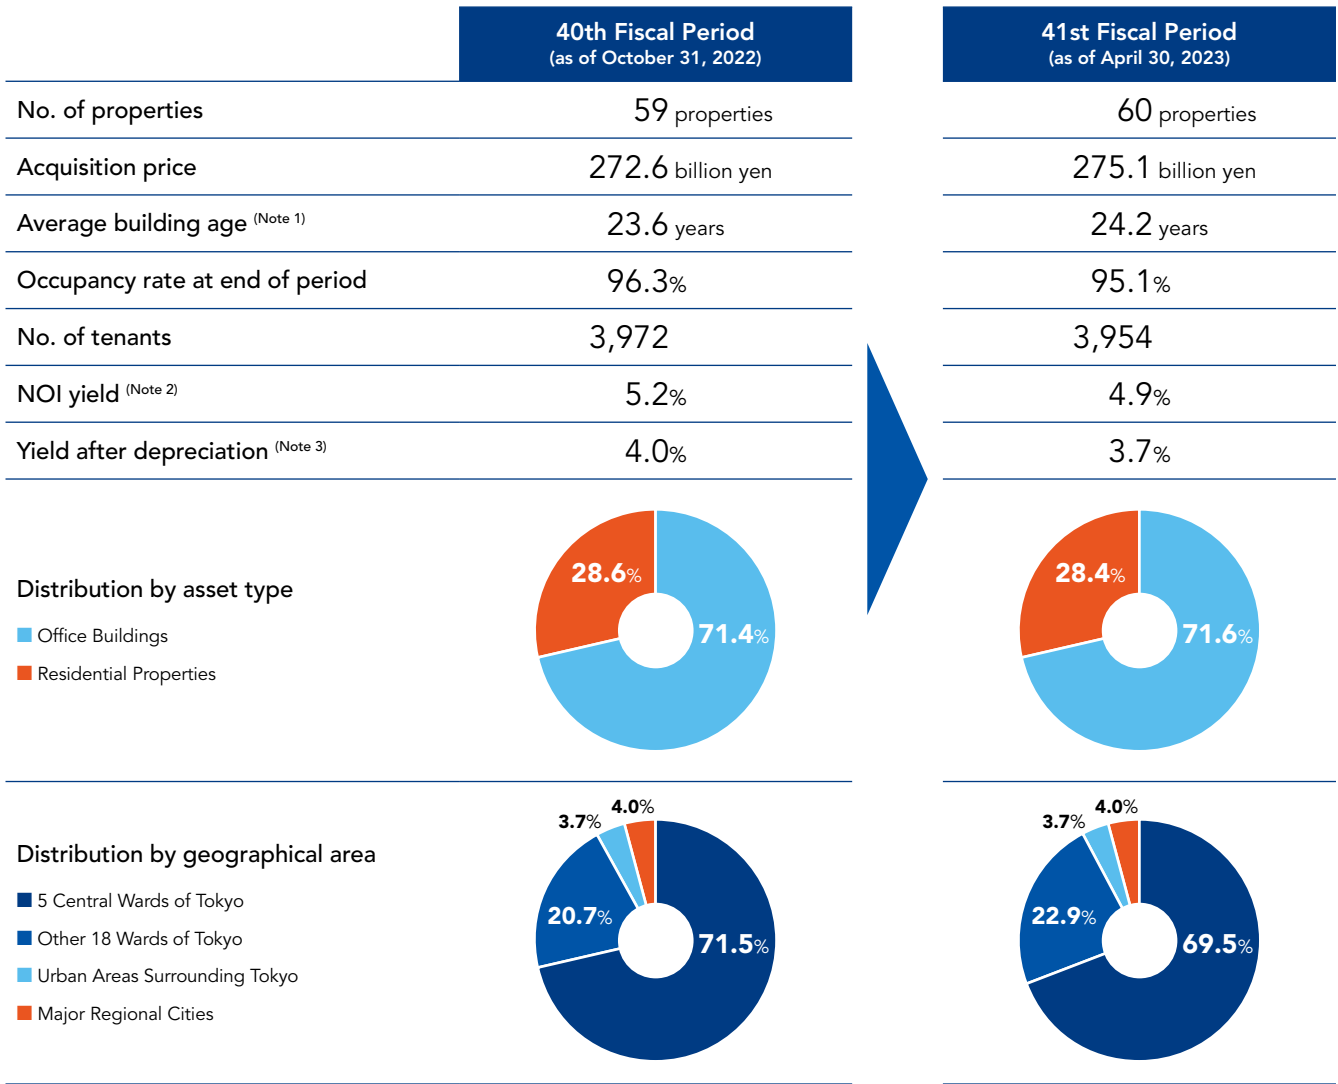

## Monthly Occupancy Rate for the 41st Fiscal Period

(Note) The value related to the property backing the preferred securities of an SPC is not included in the calculation of the occupancy rate.

Portfolio Status

(Note 1) Average building age is calculated by adding the building age of Akihabara UDX (that backs the preferred securities in which NUD holds 19.0% ownership).

(Note 2) NOI yield is calculated by using the following formulas.  
NOI yield = annualized rental NOI\* / investment value\*\*  
\* Annualized rental NOI = sum total of [(real estate rental income + depreciation + dividend income from preferred securities) x 2] of owned assets (including preferred securities) for each fiscal period  
\*\* Investment value = sum total of book value as of the end of each fiscal period of owned assets (including preferred securities) for each fiscal period

(Note 3) Yield after depreciation is calculated by using the following formulas.  
Yield after depreciation = annualized real estate rental income\* / investment value\*\*  
\* Annualized real estate rental income = sum total of [(real estate rental income + dividend income from preferred securities) x 2] for owned assets (including preferred securities) for each fiscal period  
\*\* Investment value = sum total of book value as of the end of each fiscal period of owned assets (including preferred securities) for each fiscal period

Property Replacement (41st Fiscal Period to 42nd Fiscal Period)

Leveraged sponsor support from NTT UD to replace Rokubancho Building, of which profitability is predicted to worsen significantly due to the move-out of the sole tenant, with Urbannet Nakano Building, which has been operating at stable occupancy. The transaction allowed NUD to secure stable revenue and expand its acquisition capacity.

Overview of Office Properties Replacement

	Property Acquired in 41st Fiscal Period Urbannet Nakano Building	Property transferred in 41st Fiscal Period to 42nd Fiscal Period Rokubancho Building
Location	Nakano Ward, Tokyo	Chiyoda Ward, Tokyo
Seller/buyer	NTT Urban Development	NTT Urban Development
Acquisition/transfer date	March 14, 2023	First: April 7, 2023 Second: May 26, 2023
Acquisition/transfer price	6,400 million yen	10,500 million yen First: 5,250 million yen Second: 5,250 million yen
Appraisal value	6,520 million yen	10,500 million yen
Gain on sale	—	41st Fiscal Period actual: 1,471 million yen 42nd Fiscal Period forecast: 1,475 million yen
NOI/year <sup>(Note 1)</sup>	298 million yen	445 million yen
NOI yield <sup>(Note 2)</sup>	4.7%	Book value yield: 5.9% Fair value yield: 4.2%

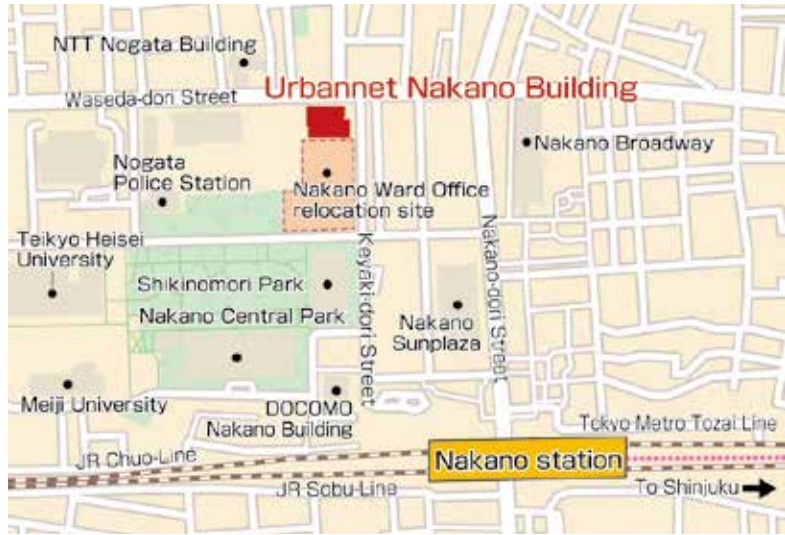

(Note 1) Appraisal NOI is indicated for the acquired property, while annualized actual NOI for the 40th fiscal period is indicated for the transferred property.

(Note 2) The NOI yield of the acquired property is calculated by dividing the appraisal NOI (annual) by the acquisition price. For the transferred property, the book value yield is calculated by dividing the actual NOI (annual) for the 40th fiscal period by the book value at end of the 40th fiscal period, and the fair value yield is calculated by dividing the actual NOI (annual) for the 40th fiscal period by the appraisal value.

## Overview of Urbannet Nakano Building

Land area
2,812.61 m <sup>2</sup>
Total floor space
9,268.73 m <sup>2</sup>
Standard floor space
Approx. 440 tsubo
Completed
October 1988
Structure
Reinforced concrete structure Six stories with flat roof
Occupancy rate
100.0% (As of April 30, 2023)

### Location characteristics

- The area around the North side of Nakano Station where the property is located is close to Central Tokyo but includes an urban planning park of approx. 21,000 m<sup>2</sup> (Shikinomori Park), making it an area that combines cutting-edge facilities with lush greenery and nature. With large-scale redevelopments planned in surrounding areas, further business concentration is expected in the future.
- The property faces Waseda-dori street and features good visibility, and can expect greater convenience as Nakano Ward Office is planned to be relocated to the adjacent land in 2024.

## COLLABORATION WITH THE NTT GROUP

## Changes in Asset Size

NUD has steadily expanded its asset size since NTT UD became its sponsor.

## Top 10 Tenants Occupying NUD's Office Buildings (as of April 30, 2023)

Rank	Tenant name	Leased floor space	Ratio (Note 1)	Property
1	NTT Facilities, Inc.	10,994 m <sup>2</sup>	5.9%	Urban Ace Higobashi Building, etc.
2	DOCOMO CS, Inc.	10,525 m <sup>2</sup>	5.7%	Urbannet Ikebukuro Building
3	NTT Business Associe East Co., Ltd.	7,488 m <sup>2</sup>	4.0%	Urbannet Omori Building
4	Tokyo Legal Mind K.K.	7,139 m <sup>2</sup>	3.8%	Urbannet Nakano Building
5	NTT Finance Corporation	6,248 m <sup>2</sup>	3.4%	Urbannet Ikebukuro Building, etc.
6	MIRAIT ONE Corporation	5,325 m <sup>2</sup>	2.9%	Urbannet Gotanda NN Building, etc.
7	Nippon Telegraph and Telephone East Corporation	5,159 m <sup>2</sup>	2.8%	Tokyo Opera City Building
8	NTT Learning Systems Corporation	4,801 m <sup>2</sup>	2.6%	Urbannet Azabu Building
9	NTT DATA Corporation	3,552 m <sup>2</sup>	1.9%	Urbannet Mita Building
10	NTT Communications Corporation	2,817 m <sup>2</sup>	1.5%	Granpark
Total		64,053 m <sup>2</sup>	34.5%	

(Note) The ratio represents the percentage of the leased floor space of the relevant tenants to the gross area under lease of floors practically used for offices.

## Environment

### 2022 GRESB Real Estate Assessment and GRESB Public Disclosure

Global/Listed/Diversified Asian Region/Diversified (Office/Residential)	GRESB Rating	GRESB Public Disclosure
"Sector Leader"	"5 Stars"	"A" assessment (highest rank)

### Acquisition of Environmental Certifications

- In the 41st fiscal period, newly acquired DBJ Green Building Certification for 3 properties (3 Stars: Premier Stage Shibakoen, Premier Stage Shibakoen II, Premier Stage Azabu-Juban)
- Urbannet Nakano Building, acquired in the 41st fiscal period, obtained 3 Stars of BELS Certification in 2018

### Status of Acquisition of Environmental Certifications for Individual Properties (as of April 30, 2023)

	Number of properties acquiring certifications	Acquisition ratio (by number of properties)	Floor space of properties acquiring certifications (Note)	Acquisition ratio (by total floor space) (Note)
CASBEE for Real Estate	19	32.2%	180,319.40 m <sup>2</sup>	41.6%
DBJ Green Building Certification	20	33.9%	101,445.19 m <sup>2</sup>	23.4%
BELS	3	5.1%	30,526.91 m <sup>2</sup>	7.0%
Low-Carbon Model Building	6	10.2%	48,277.58 m <sup>2</sup>	11.1%

(Note) Calculated by taking into account NUD's substantial co-ownership interests in the buildings of respective properties.

## Society

### Improvement of Tenant Satisfaction

#### Case 1: Urbannet Mita Building

- Conducted renovation of restrooms for cleanliness and comfort for users, such as newly installing automatic soap dispensers as well as accessory cases and fitting boards in the women's restrooms

#### Case 2: NTT CRED Okayama Building and others

- Installed AI cameras and digital signage in smoking areas
  - Congestion is monitored in real time with AI cameras and can be checked on a dedicated website at any time
  - Recorded advertising revenue from distributing advertisements on the digital signage

### Support for Artistic and Cultural Activities

- Sponsored "The story of Orpheus" by Philippe Jaroussky at Tokyo Opera City Concert Hall

## Governance

### Basic Policy on Customer-Oriented Business Conduct

- NTT Urban Development Asset Management Corporation, the Asset Manager of NUD, adopted the Principles for Customer-Oriented Business Conduct, announced by the Financial Services Agency on March 30, 2017
- Positioning the unitholders as customers, it formulated and publicized the policy to realize customer-oriented business conduct, while disclosing the status of such initiatives at any time
- Updated the status of the initiatives (for fiscal 2022) in April 2023, and will continue to implement business conduct earnestly and justly, putting the unitholder interest first, as the "sole asset management company of the NTT UD Group" entrusted for asset management of listed/private REITs and funds

# MANAGEMENT STATUS IN THE 41ST FISCAL PERIOD

## Changes in Occupancy Rates

## Changes in Asset Size

## Changes in NOI and NOI Yields

(Note) NOI yield = annualized rental NOI\* / investment value\*\*

\* Annualized rental NOI = sum total of [(real estate rental income + depreciation + dividend income from preferred securities) x 2] of owned assets (including preferred securities) for each fiscal period

\*\* Investment value = sum total of book value as of the end of each fiscal period of owned assets (including preferred securities) for each fiscal period

## Changes in Unrealized Gains or Losses

## Status of Interest-Bearing Liabilities (as of April 30, 2023)

### Ratios of Long-Term and Short-Term Borrowings (Note)

### Ratios of Fixed and Floating Interest Rate Borrowings

(Note) Classification is made by using the periods from the drawdown dates for loans and from the issue dates for corporate bonds.

### Breakdown of Lenders

(mm yen)

Lenders	Long-term	Short-term	Total
Sumitomo Mitsui Trust Bank, Limited	27,540	1,100	28,640
Mizuho Bank, Ltd.	21,490	1,700	23,190
Sumitomo Mitsui Banking Corporation	13,850	300	14,150
NTT TC Leasing Co., Ltd.	13,400	300	13,700

(Note 1) NUD owns properties in the form of either beneficiary interests in real estate trust or preferred securities.

(Note 2) The acquisition price represents the transaction price before taxes, not including various expenses required for the acquisition of the property.

(Note 3) The indicated shares represent the ratio of the acquisition price of respective properties to the total acquisition price of all properties.

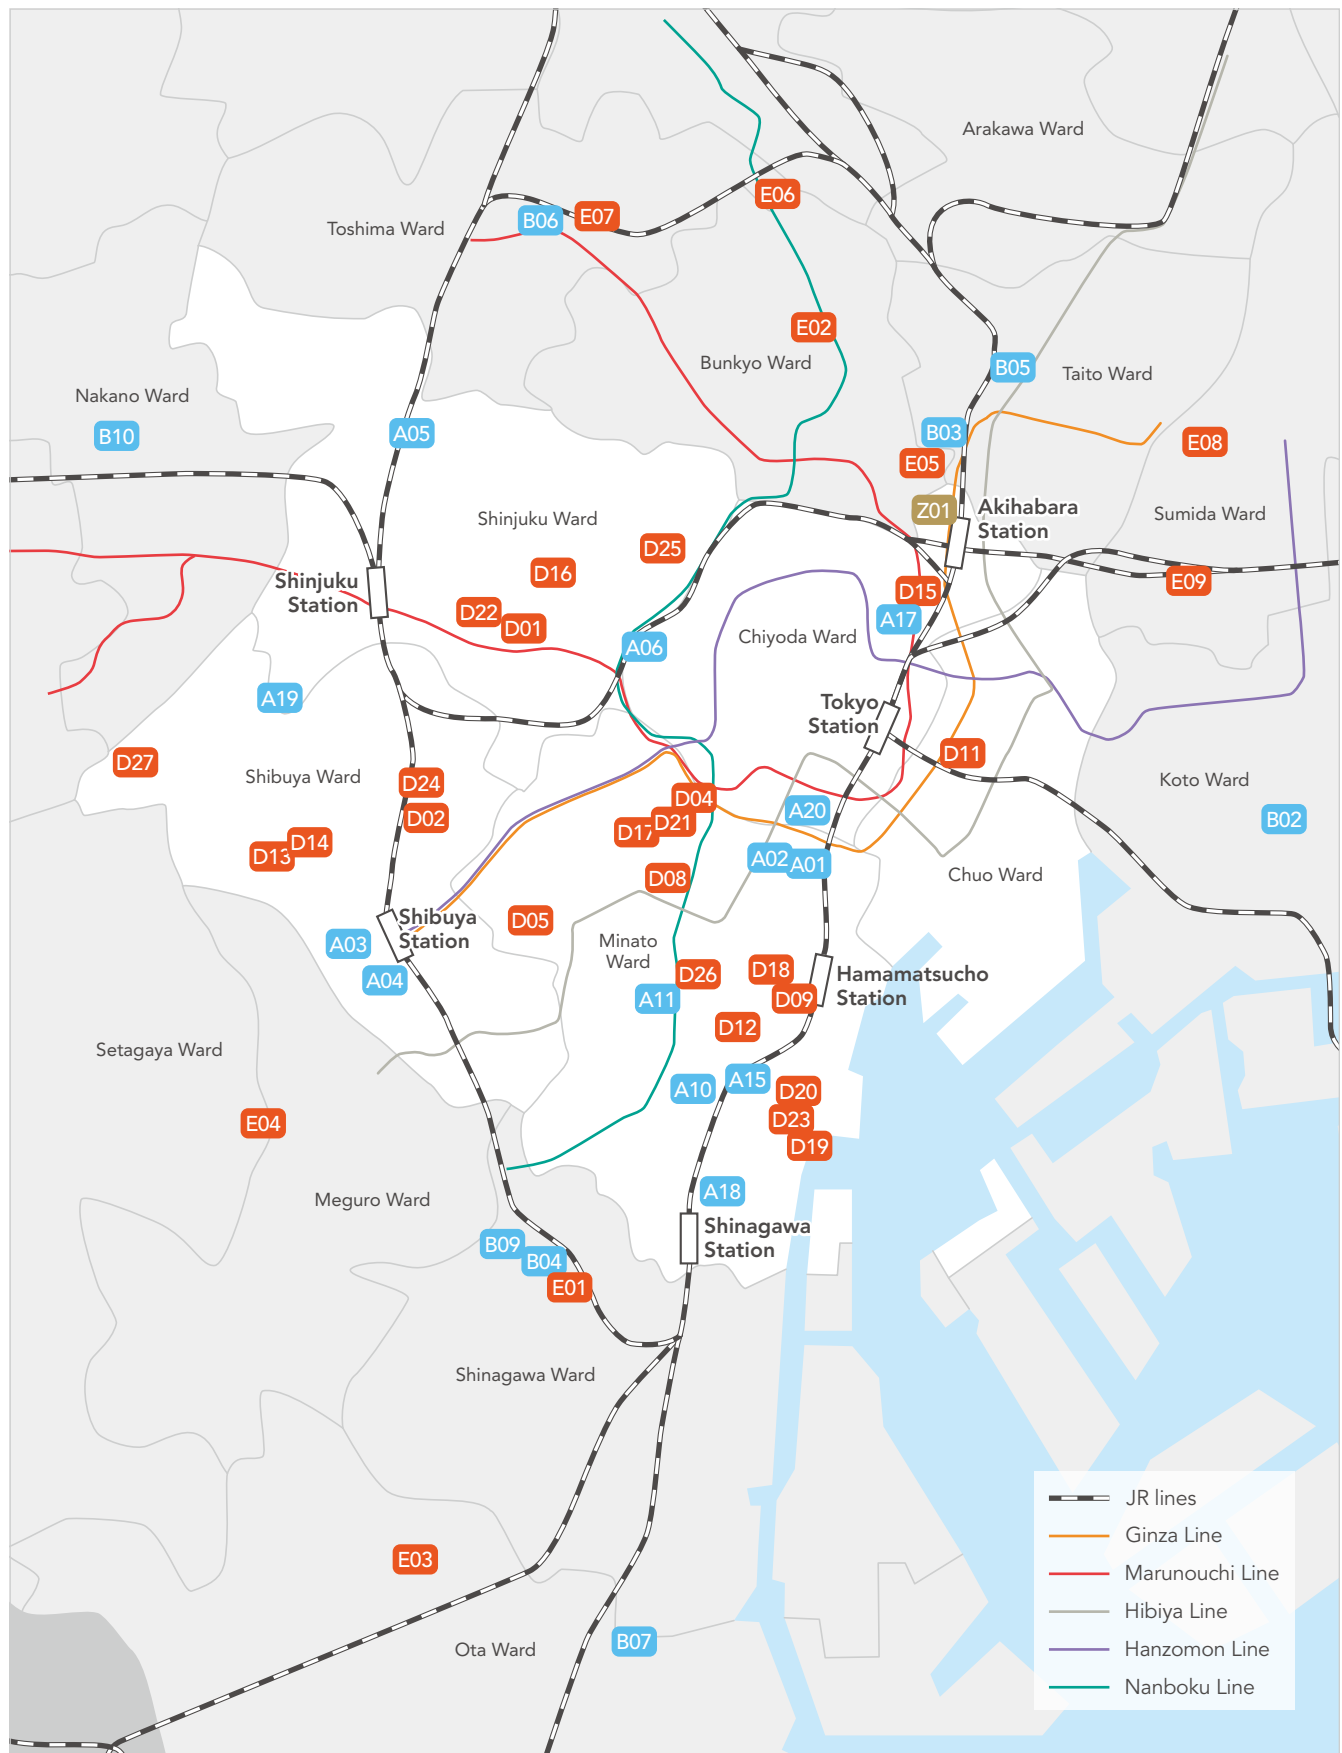

(Note 4) NUD acquired earthquake risk reports for real estate and real estate in trust in which NUD invests from Takenaka Corporation. However, the earthquake risk reports are only the expression of opinions, and do not guarantee the correctness of the statements. The Probable Maximum Loss (PML) values of individual properties are defined as the loss rate from earthquake damage for individual properties, evaluated based on the strength of a probable earthquake of maximum magnitude that could cause the greatest damage to buildings and is assumed to happen once every 475 years. However, the PML values do not consider damage to equipment, furniture or inventories, damage by water or fire, compensation to victims, or losses due to work closures. In assessing the PML of the portfolio, the correlation of damages to multiple properties is considered. As such, the loss rates as a whole (total damage/price to reacquire all buildings) are obtained from the sum of the damage generated simultaneously among buildings that comprise the portfolio when an earthquake that happens once every 475 years occurs at a certain epicenter, and the maximum figure of the values has been set as the PML value of the portfolio.

(Note 5) The rental revenues from a leasing contract with a single major tenant constitute more than 80% of the total rental revenues for this property, and the major tenant has not agreed to disclose the rental revenues. Accordingly, NUD does not indicate these figures due to this unavoidable reason.

(Note 6) Detailed information on revenues and expenses is not indicated as no consent to disclosure has been obtained from quasi co-ownership holders, etc.

(Note 7) The property owned by UDX Special Purpose Company, the issuer of the preferred securities, comprises an entire office building and its site, and the property name is Akihabara UDX.

For the six months ended October 31, 2022 and April 30, 2023

## Note-1. Organization and basis of presentation

(a) **Organization** - NTT UD REIT Investment Corporation (hereinafter, “NUD”) is an investment corporation established in May 2002 under the Act on Investment Trusts and Investment Corporations (hereinafter, “Investment Trusts Act”) with an initial capital of 200,000 thousand yen (400 units), and it is listed on the Tokyo Stock Exchange. NTT Urban Development Asset Management Corporation (hereinafter, “UDAM”) is the asset manager of NUD.

There was no change in the number of investment units outstanding or unitholders’ capital for the six months ended April 30, 2023.

Furthermore, equity financing NUD made in the past five years through the end of the 41st fiscal period (April 30, 2023) is summarized below.

Date	Description	Total Number of Investment Units Issued and Outstanding (units)		Unitholders’ Capital (millions of yen)	
		Increase (Decrease)	Balance	Increase (Decrease)	Balance
November 1, 2021	Public offering	80,600	1,397,595	11,701	132,051
November 29, 2021	Third-party allotment	4,040	1,401,635	586	132,637

As of April 30, 2023, NUD had total unitholders’ capital of 132,637,845 thousand yen with 1,401,635 units outstanding.

As of April 30, 2023, NUD owned a portfolio of 27 office buildings, 32 residential properties and preferred securities of an SPC (60 properties in total).

Total acquisition costs of those properties were 275,102 million yen, with the investment ratio by asset type standing at 64.4% for office buildings, 28.4% for residential properties and 7.2% for others (preferred securities).

(b) **Basis of presentation** - The financial statements of NUD have been prepared in accordance with the provisions set forth in the Financial Instruments and Exchange Act and other related regulations of Japan and in conformity with accounting principles and practices generally accepted in Japan, which are different in certain respects from the application and disclosure requirements of International Financial Reporting Standards.

The accompanying financial statements are a translation of the audited financial statements that were prepared for Japanese domestic purposes from the accounts and records maintained by NUD and were filed with the Kanto Local Finance Bureau of the Ministry of Finance as required by the Financial Instruments and Exchange Act. Certain items presented in the financial statements have been reclassified for the convenience of readers outside Japan. NUD does not prepare consolidated financial statements as NUD has no subsidiaries.

NUD’s fiscal period is six months, which respectively ends in April and October of each year.

Amounts less than 1 thousand yen have been omitted. As a result, the total shown in the financial statements and notes thereto do not necessarily agree with the sum of the individual account balances.

## Note-2. Summary of significant accounting policies

(a) **Cash and cash equivalents** - Cash and cash equivalents consist of cash, demand deposits, cash and deposits held in trust, and short-term investments. Short-term investments are highly liquid, readily convertible to cash, have an insignificant risk of change in value, and an original maturity of three months or less.

(b) **Valuation standard and method for securities** - **Available-for-sale investment securities** - Stocks and other securities with no market prices are stated at cost being determined by the moving average method.

(c) **Depreciation and amortization** - **Property and equipment (including those held in trust)** - Property and equipment are carried at cost, less accumulated depreciation. Depreciation of property and equipment, except for land, is computed by using the straight-line method at rates based on estimated useful lives.

The ranges of useful lives used in the computation of depreciation are generally as follows:

Buildings	3-68 years
Structures	3-58 years
Machinery and equipment	11 years
Tools, furniture and fixtures	3-15 years

In accordance with the amended Japanese tax law, properties and equipment acquired on or after April 1, 2007 are depreciated with the residual value of 1 yen recognized at the end of the useful lives.

Properties and equipment acquired before March 31, 2007 are depreciated with the residual value of 5% of acquisition costs over useful lives based on the tax law at that time. However, in accordance with the amended Japanese tax law, such properties and equipment are depreciated with the residual value of 1 yen over five years from the following fiscal years after they are depreciated to the residual value of 5% of acquisition costs.

**Long-term prepaid expenses** - Prepaid expenses are amortized using the straight-line method.

**New investment unit issuance costs** - New investment unit issuance costs are amortized using the straight-line method over three years.

**Corporate bond issuance costs** - Corporate bond issuance costs are amortized using the straight-line method over the period through the redemption of the bonds.

(d) **Income taxes** - Income taxes are accounted for financial reporting purposes. The tax effect of temporary differences for the carrying amount of assets and liabilities between accounting basis and tax basis is recognized as deferred taxes.

(e) **Revenue recognition** -

**Sale of properties** - NUD recognizes revenues from sale of properties when the purchaser who is a customer obtains control of the relevant property following the seller fulfilling its delivery obligations stipulated in the transaction agreement of the property. On the profit and loss statements, the amount obtained by deducting cost of properties, which is the book value of sold properties, and other expenses for sale, which are expenses directly related to the sale, from revenues from sale of properties, which are the proceeds from the sale of the properties, is indicated as gains (losses) from sale of properties.

**Lease of properties** - NUD owns and operates office buildings and residential properties that are rented to tenants. Revenues from leasing the office and residential spaces are recognized on an accrual basis based on the lease agreements. Rental revenues include fixed rental revenues, recoveries of utility charges, and other income.

(f) **Property-related taxes** - Property-related taxes (i.e., property tax, city planning tax and depreciable property tax) are imposed on properties on a calendar year basis. The amount of taxes paid in the period is charged to income as property operating expenses. In accordance with Japanese business practice, at the time of disposal, the seller of the property is generally liable for property-related taxes on the property from the date of disposal to the end of the calendar year in which the property is disposed. The seller, however, is reimbursed by the purchaser of the property for the accrued property-related tax liabilities, and the amount of the settlement reflects this adjustment. NUD is allocated the portion of the property-related taxes for the period from the purchase date of each property through the end of the calendar year. The amounts of those allocated portions of the property-related taxes are capitalized as part of the acquisition costs of those properties. Capitalized property-related taxes totaled 469 thousand yen for the six months ended October 31, 2022 and 24,416 thousand yen for the six months ended April 30, 2023.

(g) **Method of hedge accounting** - Special accounting is applied for interest rate swap transactions that satisfy the requirements for special accounting.

**Hedging instruments and hedged items** - Hedging instruments: interest rate swap transactions, Hedged items: interest expenses on loans payable.

**Hedging policy** - NUD conducts derivative transactions to hedge interest rate fluctuation risks for loans payable with floating interest rates based on the "Asset Management Target and Policy" provided in its Articles of Incorporation and the risk management regulations on derivative transactions.

**Method for assessing the effectiveness of hedging** - Assessment of the effectiveness of hedging is omitted as requirements are satisfied for special accounting for interest rate swap transactions.

(h) **Accounting treatment of beneficiary interest in trust accounts, including real estate** - For beneficiary interests in real estate trust, which are commonly utilized in the ownership of commercial properties in Japan and through which NUD holds all of its properties, all accounts of assets and liabilities held in trust, as well as all income generated and expenses incurred from assets in trust, are recognized in the relevant balance sheet and profit and loss statement.

Furthermore, the following material accounts are separately stated on the balance sheet for assets in trust recognized in relevant accounts.

- (1) Cash and deposits held in trust
- (2) Buildings held in trust, structures held in trust, tools, furniture and fixtures held in trust, land held in trust, and construction in progress held in trust
- (3) Leasehold held in trust
- (4) Other intangible fixed assets held in trust
- (5) Other deposits held in trust
- (6) Tenant security deposits held in trust

(i) **Accounting for consumption taxes** - Non-deductible consumption taxes on property acquisitions are capitalized with the acquisition costs of the individual properties.

### Note-3. Significant accounting estimates

Impairment of long-term assets

(1) Amounts recorded on the financial statements

	Thousands of yen	
	October 31, 2022	April 30, 2023
Property and equipment	¥ 219,168,008	¥ 221,449,853
Intangible fixed assets	14,998,812	14,998,789

(2) Information on the details of the significant accounting estimates for identified items

In accordance with the Accounting Standard for Impairment of Fixed Assets, NUD has adopted the accounting treatment to reduce the book value of long-term assets to a recoverable amount when the invested amount is deemed to be unrecoverable due to lowered profitability.

In adopting the accounting treatment, the respective properties owned by NUD are regarded as a single asset group, and judgment is made whether it is required to recognize impairment losses when indications of impairment are deemed to exist for the group due to continuous operating losses, a significant drop in the market value and significant deterioration of the business environment, etc.

Future cash flow estimates are used to determine whether or not to recognize impairment losses. When it is determined that impairment losses should be recognized, the book value is reduced to the recoverable amount based on the real estate appraisal values by external appraisers, and the reduced amount is recorded as impairment losses.

In calculating the future cash flow, the underlying rent, occupancy rate and real estate rental expenses, etc. are determined by comprehensively taking into account the market trends and transaction cases of similar properties, etc.

The performance and the market value of each property may be affected by the trends in the real estate rental market and real estate transaction market. Accordingly, when changes arise to the assumptions of the estimate, they may affect the financial position and results of operation of NUD in the following fiscal period.

### Note-4. Revenue recognition

Six months ended October 31, 2022 [May 1, 2022 - October 31, 2022]

1. Breakdown information on revenues from contracts with customers:

For the breakdown information on revenues from contracts with customers, refer to Note-10 and Note-11.

Note that Note-10 includes revenues in accordance with the Accounting Standard for Lease Transactions (ASBJ Statement No.13).

Moreover, revenues generated from contracts with major customers comprise of gains from sale of properties and utilities income.

Six months ended April 30, 2023 [November 1, 2022 - April 30, 2023]

1. Breakdown information on revenues from contracts with customers:

For the breakdown information on revenues from contracts with customers, refer to Note-10 and Note-11.

Note that Note-10 includes revenues in accordance with the Accounting Standard for Lease Transactions (ASBJ Statement No.13).

Moreover, revenues generated from contracts with major customers comprise of gains from sale of properties and utilities income.

### Note-5. Cash and cash equivalents

Cash and cash equivalents as of October 31, 2022 and April 30, 2023 consisted of the following:

	Thousands of yen	
	October 31, 2022	April 30, 2023
Cash and deposits	¥ 6,762,774	¥ 4,459,435
Cash and deposits held in trust	13,862,777	13,609,977
CASH AND CASH EQUIVALENTS	¥ 20,625,552	¥ 18,069,412

Note-6. Schedule of property and equipment and intangible fixed assets

Property and equipment and intangible fixed assets as of October 31, 2022 and April 30, 2023 consisted of the following:

	Thousands of yen					
	October 31, 2022			April 30, 2023		
	Acquisition costs	Accumulated depreciation	Book value	Acquisition costs	Accumulated depreciation	Book value
Property and equipment						
Buildings and structures						
Buildings	¥ 6,499,874	¥ 204,164	¥ 6,295,709	¥ 6,663,660	¥ 319,555	¥ 6,344,104
Structures	19,760	573	19,187	19,760	869	18,890

Resona Bank, Limited	–	1,500,000	–	1,500,000				
Sumitomo Mitsui Trust Bank, Limited	–	1,000,000	–	1,000,000	1.10125	Nov. 30, 2032	*2	Unsecured and non-guaranteed Fixed rate
Mizuho Bank, Ltd.	–	500,000	–	500,000				
SUBTOTAL	114,750,000	11,000,000	15,800,000	109,950,000				
TOTAL	¥ 114,750,000	¥ 19,700,000	¥ 20,800,000	¥ 113,650,000				

\*1 Floating interest rates in the table above represent the weighted average interest rates for the period. For loans for which NUD conducted interest rate swap transactions in order to reduce the interest rate fluctuation risk, the fixed rate interests obtained by taking into account the effect of the interest rate swaps are indicated.

\*2 All the loans are used for such purposes as purchasing beneficiary interests in real estate trust, repaying existing borrowings and redeeming corporate bonds.

\*3 Long-term loans payable due within one year on the balance sheets are included in long-term loans in the table above for the purpose of indicating the loans in accordance with respective loan agreements.

\*4 The anticipated maturities of long-term loans for the following five years beginning May 1, starting in 2023 are as follows:

(thousands of yen)

	One year or less	More than one year and two years or less	More than two years and three years or less	More than three years and four years or less	More than four years and five years or less
¥	10,950,000	12,250,000	11,600,000	15,400,000	10,650,000

## Note-10. Rental revenues and expenses

Rental revenues and expenses for the six months ended October 31, 2022 and April 30, 2023 were as follows:

	Thousands of yen	
	October 31, 2022	April 30, 2023
<b>REAL ESTATE RENTAL REVENUES</b>		
Rental revenues		
Rents	¥ 7,730,716	¥ 7,799,596
Common area charges	1,237,022	1,207,955
<b>Subtotal</b>	<b>8,967,739</b>	<b>9,007,552</b>

Miscellaneous income	149,696	386,269
<b>Subtotal</b>	<b>1,147,076</b>	<b>1,380,018</b>
<b>TOTAL REAL ESTATE RENTAL REVENUES</b>	<b>10,114,816</b>	<b>10,387,571</b>
<b>REAL ESTATE RENTAL EXPENSES</b>		
Property operating expenses		
Property management fees	1,258,433	1,285,361
Utilities	814,695	883,565
Real estate taxes	694,015	676,076
Insurance	17,005	17,344
Maintenance and repairs	581,096	1,091,427
Trust fees	28,598	26,705
Depreciation	1,592,636	1,560,435
Rent expenses	476,433	482,397
Miscellaneous expenses	127,321	110,327
<b>TOTAL REAL ESTATE RENTAL EXPENSES</b>	<b>5,590,235</b>	<b>6,133,642</b>
<b>REAL ESTATE RENTAL INCOME</b>	<b>¥ 4,524,580</b>	<b>¥ 4,253,929</b>

## Note-11. Gains and losses from sale of properties

There were no gains and losses from sale of properties for the six months ended October 31, 2022.

Gains from sale of properties for the six months ended April 30, 2023 were as follows:

	Thousands of yen	
	April 30, 2023	
	<b>Rokubancho Building</b> (50% quasi co-ownership interest)	
Revenues from sale of properties	¥	5,250,000
Cost of properties		3,759,907
Other expenses for sale		18,773
<b>GAINS FROM SALE OF PROPERTIES</b>	<b>¥</b>	<b>1,471,319</b>

**Note-12. Income taxes**

Income taxes in Japan applicable to NUD consist of corporate income tax, enterprise tax, and inhabitant tax. The following is reconciliation between the statutory income tax rate in Japan and the effective tax rate reflected in the accompanying financial statements for the six months ended October 31, 2022 and April 30, 2023:

	October 31, 2022	April 30, 2023
Statutory tax rate	31.46%	31.46%
Adjustments		
Deductible cash distributions	(31.43)	(28.32)
Other	0.02	(3.13)
<b>EFFECTIVE TAX RATE</b>	<b>0.05%</b>	<b>0.01%</b>

Under NUD's distribution policy, cash distributions are made in excess of 90% of distributable income as defined in the Special Taxation Measures Law of Japan for the fiscal period to qualify for conditions as set forth in the Special Taxation Measures Law to achieve a deduction of cash distributions for income tax purposes. Based on such policy, NUD treated the cash distributions as tax deductions allowed in the Special Taxation Measures Law.

The tax effects of significant temporary differences that resulted in net deferred tax assets or liabilities as of October 31, 2022 and April 30, 2023 were as follows:

	Thousands of yen	
	October 31, 2022	April 30, 2023
Deferred tax assets		
Enterprise taxes	¥ 2,292	¥ 4,604
<b>Total of deferred tax assets</b>	<b>2,292</b>	<b>4,604</b>
<b>NET DEFERRED TAX ASSETS</b>	<b>¥ 2,292</b>	<b>¥ 4,604</b>

**Note-13. Per unit information**

The following table summarizes the net assets per unit as of October 31, 2022 and April 30, 2023 and the net income per unit for the six months ended October 31, 2022 and April 30, 2023:

	October 31, 2022	April 30, 2023
<b>Net assets per unit</b>	<b>¥ 98,211</b>	<b>¥ 98,996</b>
<b>Net income per unit</b>	<b>2,787</b>	<b>3,572</b>

\*1 The net income per unit is calculated by dividing the net income by the weighted-average number of units outstanding for the respective six-month period. Diluted net income per unit is not presented since no warrants and convertible bonds were outstanding during the six months ended October 31, 2022 and April 30, 2023.

\*2 The basis for calculating net income per unit was as follows:

	Thousands of yen	
	October 31, 2022	April 30, 2023
Net income	¥ 3,907,037	¥ 5,007,253
Amount not attributable to ordinary unitholders	—	—
Net income related to ordinary unit	3,907,037	5,007,253
Average number of units during the period	1,401,635 units	1,401,635 units

**Note-14. Leases**

NUD leases some properties to tenants under non-cancellable operating leases. As of October 31, 2022 and April 30, 2023, the future lease expenses and revenues under the non-cancellable operating leases were as follows:

Operating leases (as lessee)

	Thousands of yen	
	October 31, 2022	April 30, 2023
Due within one year	¥ 550,264	¥ 594,524
Due after one year	11,738,980	12,385,935
<b>TOTAL</b>	<b>¥ 12,289,245</b>	<b>¥ 12,980,460</b>

Operating leases (as lessor)

	Thousands of yen	
	October 31, 2022	April 30, 2023
Due within one year	¥ 2,229,691	¥ 2,352,776
Due after one year	5,268,154	5,012,490
<b>TOTAL</b>	<b>¥ 7,497,846</b>	<b>¥ 7,365,267</b>

**Note-15. Distribution information**

Pursuant to the distribution policy set forth in Article 13, Paragraph 1 of NUD's Article of Incorporation, the maximum distribution amount cannot exceed the unappropriated retained earnings, and this amount must exceed 90% of the "distributable income" which is defined in Article 67-15 of the Special Taxation Measures Law of Japan. No cash distributions exceeding the unappropriated retained earnings as set forth in Article 13, Paragraph 2 of the NUD's Article of Incorporation were made.

[October 31, 2022]

In accordance with this policy, NUD declared a total distribution of 3,906,356,745 yen as distribution of income for the 40th fiscal period (payment to start on January 20, 2023), which was the maximum value arrived at when the number of units outstanding (1,401,635 units) was multiplied by an integer, within the limit of the unappropriated retained earnings for the 40th fiscal period.

[April 30, 2023]

In accordance with this policy, NUD declared a total distribution of 4,507,658,160 yen as distribution of income for the 41st fiscal period (payment to start on July 14, 2023), which was the maximum value of unappropriated retained earnings after deducting provision of reserve for reduction entry, in application of the Special Provisions for Taxation in Cases of Repurchase of Specified Assets (Article 65-7 of the Special Taxation Measures Law of Japan), arrived at when the number of units outstanding (1,401,635 units) was multiplied by an integer.

Income carried forward after the distributions for the six months ended October 31, 2022 and April 30, 2023 were as follows:

	October 31, 2022	April 30, 2023
Unappropriated retained earnings	¥ 3,907,377,517	¥ 5,008,274,553
Cash distributions declared	3,906,356,745	4,507,658,160
(Cash distribution declared per unit)	(2,787)	(3,216)
Voluntary retained earnings		
(Provision of reserve for reduction entry)	—	500,600,000
<b>INCOME CARRIED FORWARD</b>	<b>¥ 1,020,772</b>	<b>¥ 16,393</b>

Note-16. Financial instruments

(a) Items concerning the current status of financial instruments

**Policies on financial instruments** - NUD procures funds for acquiring properties, conducting maintenance and repairs, repaying interest-bearing liabilities and for other purposes primarily through borrowings from financial institutions, issuing corporate bonds or issuing new investment units.

With regard to temporary surplus funds, tenant security deposits held in trust, etc., NUD manages them as bank deposits in consideration of such factors as safety and liquidity.

Moreover, NUD owns investment securities (preferred securities backed by the cash flow gained from real estate) as part of its real estate investment.

As for derivative transactions, NUD may use them only to hedge against interest rate fluctuation risks arising from liabilities.

**Description of financial instruments, their respective risks and risk management structure** - Short-term loans, long-term loans and corporate bonds are means of fund procurement primarily for acquiring trust beneficiary interests and repaying interest-bearing liabilities. Although loans and corporate bonds are exposed to liquidity risk upon the arrival of repayment dates, NUD manages the risk by such measures as working to maintain and enhance its ability to procure funds from the capital market through issuing investment units, by controlling the ratio of interest-bearing liabilities to total assets within a range considered appropriate, creating fund procurement plans as early as possible by regularly checking liquidity on hand through making monthly cash payment schedules, etc., and preparing necessary funds based on such plans.

In addition, although loans with floating interest rates are exposed to interest rate fluctuation risk, NUD manages the risk by adjusting the ratio of the balance of loans with floating interest rates to the entire loans in accordance with the financing environment, as well as utilizing derivative transactions (interest rate swap transactions) as hedging instruments.

The investment securities (preferred securities backed by the cash flow gained from real estate) are exposed to liquidity risk, credit risk of the issuer, etc., in addition to investment risks specific to real estate. However, NUD will manage such risks by maintaining the ratio of the investment securities to its total assets at a certain level, and by employing such measures as assessing the financial status on a regular basis.

**Supplemental explanation on items concerning fair value of financial instruments** - Since calculation of the fair value of financial instruments uses certain assumptions and conditions, the calculated prices may differ if different assumptions and conditions are used. As for the contract amount and other conditions of derivative transactions indicated in “(b) Items concerning fair value of financial instruments” below, the contract amount is not an indicator of the market risks related to such derivative transactions.

(b) **Items concerning fair value of financial instruments** - The book values recorded on the balance sheets, fair values and their difference as of October 31, 2022 and April 30, 2023 were as follows. Furthermore, notes on “Cash and deposits,” “Cash and deposits held in trust” and “Short-term loans payable” are omitted as these are settled with cash and within a short period of time and thus the fair value approximates the book value.

	Thousands of yen					
	October 31, 2022			April 30, 2023		
	Book value	Fair value	Difference	Book value	Fair value	Difference
(1) Long-term loans payable due within one year	23,500,000	23,524,164	24,164	10,950,000	10,955,135	5,135
(2) Corporate bonds due within one year	2,000,000	1,999,580	(420)	4,000,000	3,997,620	(2,380)
(3) Long-term loans payable	91,250,000	90,436,297	(813,702)	99,000,000	98,471,364	(528,635)
(4) Corporate bonds	9,200,000	9,086,212	(113,788)	7,200,000	7,087,776	(112,224)
(5) Derivative Transactions	¥ -	¥ -	¥ -	¥ -	¥ -	¥ -

\*1 The following methods are used to estimate the fair value of financial instruments:

(1) **Long-term loans payable due within one year and (3) long-term loans payable** - For long-term loans payable with floating interest rates, book values are used to determine their fair values as the fair values are considered to approximate the book values because these instruments reflect market interest rates over the short term. However, fair values of certain long-term loans payable with floating interest rates that qualify for the special accounting of interest rate swaps (refer to Note-18. Derivative Transactions below) are based on the method of calculating by discounting the sum of their principal and interest payments net of any cash flows from the interest-rate swap by estimated rates assumed in the event that NUD borrows new loans corresponding to the remaining periods. Moreover, fair values of long-term loans payable with fixed interest rates are based on the method of calculating by discounting the sum of their principal and interest by the rates assumed in the event that NUD borrows new loans corresponding to the remaining periods.

(2) **Corporate bonds due within one year and (4) Corporate bonds** - Fair values of these instruments are calculated based on their market prices.

(5) **Derivative Transactions** - Refer to Note-18. Derivative Transactions below.

\*2 Stocks and other securities with no market prices:

**Investment securities** - The preferred securities (recorded on the Balance Sheets at 20,035,175 thousand yen as of October 31, 2022 and April 30, 2023, respectively) are excluded from the disclosure of fair value of financial instruments in accordance with Paragraph 5 of Implementation Guidance on Disclosures about Fair Value of Financial Instruments (ASBJ Guidance No. 19 (revised 2020) issued on March 31, 2020).

\*3 Planned repayment and redemption amounts of loans and corporate bonds as of October 31, 2022 and April 30, 2023 are as follows:

	Thousands of yen					
	October 31, 2022					
	Within one year	More than one year and two years or less	More than two years and three years or less	More than three years and four years or less	More than four years and five years or less	More than five years
Long-term loans payable	¥ 23,500,000	¥ 9,500,000	¥ 9,300,000	¥ 14,700,000	¥ 13,250,000	¥ 44,500,000
Corporate bonds	2,000,000	2,000,000	-	-	-	7,200,000
TOTAL	¥ 25,500,000	¥ 11,500,000	¥ 9,300,000	¥ 14,700,000	¥ 13,250,000	¥ 51,700,000

	Thousands of yen					
	April 30, 2023					
	Within one year	More than one year and two years or less	More than two years and three years or less	More than three years and four years or less	More than four years and five years or less	More than five years
Long-term loans payable	¥ 10,950,000	¥ 12,250,000	¥ 11,600,000	¥ 15,400,000	¥ 10,650,000	¥ 49,100,000
Corporate bonds	4,000,000	-	-	-	-	7,200,000
TOTAL	¥ 14,950,000	¥ 12,250,000	¥ 11,600,000	¥ 15,400,000	¥ 10,650,000	¥ 56,300,000

Note-17. Investment securities

Investment securities represent the preferred securities issued by UDX Special Purpose Company, which are backed by cash flows from Real Estate Property managed by UDX Special Purpose Company. NUD owns 53,580 units (19.0% equity) of the preferred securities (282,000 units in total) as of October 31, 2022 and April 30, 2023, respectively.

These securities are excluded from the disclosure of fair value in accordance with Paragraph 5 of Implementation Guidance on Disclosures about Fair Value of Financial Instruments (ASBJ Guidance No. 19 (revised 2020) issued on March 31, 2020).

Note-18. Derivative transactions

(a) **Derivatives to which hedge accounting is not applied** - Not applicable for the six months ended October 31, 2022 and April 30, 2023.

(b) **Derivatives to which hedge accounting is applied** - For the six months ended October 31, 2022 and April 30, 2023, the following table shows the contract amount or amount equivalent to the principal provided in the contract as of the closing date for each method of hedge accounting.

Type of hedge accounting	Type of derivative transactions, etc.	Major hedged item	Thousands of yen			
			October 31, 2022			
			Contract amount, etc.	Of which, exceeding one year	Fair value	Calculation method for the fair value
Special accounting for interest rate swaps	Interest rate swap transaction Receivable floating; payable fixed	Long-term loans payable	¥ 67,630,000	¥ 51,930,000	*	-

Type of hedge accounting	Type of derivative transactions, etc.	Major hedged item	Thousands of yen			
			April 30, 2023			
			Contract amount, etc.	Of which, exceeding one year	Fair value	Calculation method for the fair value
Special accounting for interest rate swaps	Interest rate swap transaction Receivable floating; payable fixed	Long-term loans payable	¥ 59,630,000	¥ 49,430,000	*	-

\* Transactions for which special accounting for interest rate swaps is applied are combined with long-term loans payable for accounting purposes. Accordingly, their fair value is included in the fair value of the relevant long-term loans payable.

Note-19. Rental property

NUD owns office buildings and residential properties for rental purposes mainly in the 23 wards of Tokyo. The book values of these rental properties recorded on the balance sheets as of October 31, 2022 and April 30, 2023, the changes during the fiscal period and their fair values are as follows:

	Thousands of yen							
	October 31, 2022				April 30, 2023			
	Book value at May 1, 2022 <sup>*1</sup>	Increase and Decrease during the period <sup>*2</sup>	Book value at October 31, 2022 <sup>*1</sup>	Fair value at October 31, 2022 <sup>*3</sup>	Book value at November 1, 2022 <sup>*1</sup>	Increase and Decrease during the period <sup>*2</sup>	Book value at April 30, 2023 <sup>*1</sup>	Fair value at April 30, 2023 <sup>*3 *4</sup>
Office buildings	¥ 169,882,528	¥ (470,321)	¥ 169,412,207	¥ 212,108,000	¥ 169,412,207	¥ 2,522,293	¥ 171,934,500	¥ 211,792,000
Residential properties	65,105,184	(350,570)	64,754,613	92,060,000	64,754,613	(240,471)	64,514,142	95,670,000
TOTAL	¥ 234,987,712	¥ (820,892)	¥ 234,166,820	¥ 304,168,000	¥ 234,166,820	¥ 2,281,822	¥ 236,448,643	¥ 307,462,000

\*1 The book values recorded on the balance sheets represent the amounts obtained by deducting the accumulated depreciation from the acquisition prices (including incidental expenses accompanying the acquisitions). Note that construction in progress and construction in progress held in trust are not included.

\*2 Of the increases and decreases in rental properties during the period, major increases in the six months ended October 31, 2022 are due to the capital expenditures (784,773 thousand yen) for owned properties, and major decreases are due to the depreciation (1,592,636 thousand yen). Major increases in the six months ended April 30, 2023 are due to the acquisition of Urbannet Nakano Building (6,462,978 thousand yen) and the capital expenditures (1,139,186 thousand yen) for owned properties, and major decreases are due to the partial sale of Rokubancho Building (3,759,907 thousand yen) and the depreciation (1,560,435 thousand yen).

\*3 The fair values at the end of the fiscal periods in the above table are appraisal values based on external real estate appraisers.

\*4 With regard to Rokubancho Building, which NUD sold as of May 26, 2023, the sale price indicated in the trust beneficiary interests transaction agreement is used for the fair value at April 30, 2023.

In addition, the operating revenues and expenses of the rental properties for the six months ended October 31, 2022 and April 30, 2023 are as follows:

	Thousands of yen						
	October 31, 2022			April 30, 2023			
	Real estate rental revenues	Real estate rental expenses	Real estate rental income	Real estate rental revenues	Real estate rental expenses	Real estate rental income	
Office buildings	¥ 7,483,887	¥ 4,239,285	¥ 3,244,601	¥ 7,723,061	¥ 4,693,120	¥ 3,029,941	
Residential properties	2,630,929	1,350,950	1,279,978	2,664,509	1,440,521	1,223,988	
TOTAL	¥ 10,114,816	¥ 5,590,235	¥ 4,524,580	¥ 10,387,571	¥ 6,133,642	¥ 4,253,929	

\* The real estate rental revenues and real estate rental expenses are rental revenues and corresponding expenses (depreciation, property management fees, utilities, etc.), and are recorded in "Operating revenues" and "Operating expense," respectively.

Note-20. Segment information

(a) Segment information - Description has been omitted because the real estate business constitutes NUD's sole business segment.

(b) Related information -

Six months ended October 31, 2022 [May 1, 2022 - October 31, 2022]

(i) **Information by product/service category** - Description has been omitted because operating revenues from external customers in a single product/service category account for over 90% of the operating revenues on the profit and loss statements.

(ii) **Information on geographical area** -

**Operating revenues** - Description has been omitted because operating revenues from external customers in Japan account for over 90% of the operating revenues on the profit and loss statements.

**Property and equipment** - Description has been omitted because the amount of property and equipment located in Japan accounts for over 90% of the amount of property and equipment on the balance sheets.

(iii) **Information by major customer** - Description has been omitted because the operating revenues from a single external customer accounts for less than 10% of the operating revenues on the profit and loss statements.

Six months ended April 30, 2023 [November 1, 2022 - April 30, 2023]

(i) **Information by product/service category** - Description has been omitted because operating revenues from external customers in a single product/service category account for over 90% of the operating revenues on the profit and loss statements.

Customer's name	Operating revenues (thousands of yen)	Related segment
NTT Urban Development Corporation	¥ 1,471,319	Real estate rental business

Note-21. Subsequent events

Sale of Properties - Pursuant to the basic investment policy and other policies, NUD sold the following property:

	Rokubancho Building
OVERVIEW OF SALE OF PROPERTY	
Type of property	Beneficiary interest in a real estate trust (50% quasi co-ownership interest)
Sale price <sup>*1</sup>	5,250 million yen
Book value <sup>*2</sup>	3,759 million yen (as of April 30, 2023)
Impact on income	NUD plans to record 1,475 million yen in gain on sale of properties as operating revenues for the six months ending October 31, 2023.
Appraisal value	5,250 million yen (as of February 1, 2023) [Appraiser] Japan Real Estate Institute
Buyer	NTT Urban Development Corporation
Contract date	February 24, 2023
Sale date	May 26, 2023
OVERVIEW OF THE PROPERTY HELD IN TRUST	
Location (residential indication)	6-28 Rokubancho, Chiyoda Ward, Tokyo
Use of building <sup>*3</sup>	Office
Land area <sup>*3</sup>	2,036.66m <sup>2</sup>
Total floor space of building <sup>*3</sup>	9,339.42m <sup>2</sup>
Structure of building <sup>*3</sup>	Steel frame and steel-framed reinforced concrete structure with a flat-topped roof; 7 floors with 1 basement floor
Construction completion <sup>*3</sup>	April 1987
Total leasable space <sup>*4</sup>	3,436.39m <sup>2</sup>

\*1 "Sale price" represents the transaction price before consumption taxes, not subtracting various expenses (such as real estate taxes) required for the transfer of the property.

\*2 "Book value" indicates the figure calculated by multiplying the figure of the entire property by the quasi co-ownership interest ratio (ownership ratio: 50/100) of the trust beneficiary interest that NUD transferred.

\*3 The descriptions for "Use of building," "Land area," "Total floor space of building," "Structure of building" and "Construction completion" are based on the information indicated in the certificate of registered matters.

\*4 "Total leasable space" indicates the figure calculated by multiplying the figure of the entire property by the quasi co-ownership interest ratio (ownership ratio: 50/100) of the trust beneficiary interest that NUD transferred.

For the six months ended October 31, 2022 and April 30, 2023

CAPITAL EXPENDITURES

1. Capital Expenditures

NUD plans to incur capital expenditures for scheduled renovations, etc. of the portfolio it owns, including the following material expenditures. Please note that the planned construction expenditures shown below may include portions that will be recorded as expenses for accounting purposes.

Name	Address	Purpose	Scheduled Period	Planned Construction Expenditures (thousands of yen)		
				Total	Amount Paid during the 41st Fiscal Period	Amount Paid before the 41st Fiscal Period
Urbannet Ikebukuro Building	Toshima Ward, Tokyo	Renovation of elevator equipment	May 2023 – October 2023	122,267	–	–
Takadanobaba Center Building	Shinjuku Ward, Tokyo	Renovation of elevator equipment	November 2022 – May 2023	65,737	–	–
Premier Yokohama Nishiguchi Building	Nishi Ward, Yokohama City, Kanagawa	Renovation of air-conditioning systems	June 2023 – October 2023	58,503	–	–
Urban Ace Higobashi Building	Nishi Ward, Osaka City, Osaka	Renovation of mechanical parking system	February 2023 – October 2023	47,324	–	–
Urbannet Mita Building	Minato Ward, Tokyo	Renovation of emergency power generators	August 2023 – September 2023	37,230	–	–
Urbannet Mita Building	Minato Ward, Tokyo	Renovation of hot water supply rooms	May 2023 – October 2023	29,719	–	–
Shibaura Island Air Tower	Minato Ward, Tokyo	Renovation of telecommunications equipment	March 2023 – June 2023	25,990	–	–
NTT CRED Okayama Building	Kita Ward, Okayama City, Okayama	Renovation of automatic fire alarm systems	December 2022 – June 2023	24,006	–	–
Questcourt Harajuku	Shibuya Ward, Tokyo	Renovation of mechanical parking system	June 2023 – June 2023	22,295	–	–
Questcourt Harajuku	Shibuya Ward, Tokyo	Renovation of exterior walls	April 2023 – September 2023	21,327	–	–

2. Capital Expenditures during the 41st Fiscal Period

The following is an overview of major construction classified as capital expenditures during the 41st fiscal period (November 1, 2022 - April 30, 2023) for the portfolio owned by NUD. Capital expenditures during the period totaled 1,139,186 thousand yen. This amount, combined with maintenance and repair expenditures of 1,091,427 thousand yen, was classified as operating expenses for the period, aggregating a total of 2,230,613 thousand yen representing renovation expenditures.

Name	Address	Purpose	Period	Amount Paid (thousands of yen)
Urban Ace Higobashi Building	Nishi Ward, Osaka City, Osaka	Renovation of elevator equipment	July 2022 – April 2023	73,296
Urbannet Ikebukuro Building	Toshima Ward, Tokyo	Renovation of elevator equipment	June 2022 – March 2023	60,119
Urbannet Mita Building	Minato Ward, Tokyo	Renovation of sanitary facilities	December 2022 – April 2023	54,674
The Kanagawa Science Park R&D Building	Takatsu Ward, Kawasaki City, Kanagawa	Renovation of air-conditioning systems	March 2022 – February 2023	51,081
NTT CRED Okayama Building	Kita Ward, Okayama City, Okayama	Renovation of heat source equipment and facilities	July 2022 – March 2023	50,373
NTT CRED Okayama Building	Kita Ward, Okayama City, Okayama	Renovation and construction work	December 2022 – March 2023	46,305
The Kanagawa Science Park R&D Building	Takatsu Ward, Kawasaki City, Kanagawa	Renovation of air-conditioning systems	March 2022 – February 2023	44,843
The Kanagawa Science Park R&D Building	Takatsu Ward, Kawasaki City, Kanagawa	Renovation of air-conditioning systems	August 2022 – February 2023	44,221
Takadanobaba Center Building	Shinjuku Ward, Tokyo	Renovation of mechanical parking system	August 2022 – April 2023	26,242
Urbannet Ikebukuro Building	Toshima Ward, Tokyo	Renovation of mechanical parking system	July 2022 – April 2023	25,039
Tokyo Opera City Building	Shinjuku Ward, Tokyo	Renovation of entrance hall	November 2022 – March 2023	22,401
Tokyo Opera City Building	Shinjuku Ward, Tokyo	Renovation of drainage facilities	November 2022 – March 2023	21,590
Other construction				618,997
TOTAL				1,139,186

3. Amounts Reserved for Long-Term Maintenance and Repair Plans

Item	Fiscal Period	Thousands of yen	
		40th Fiscal Period (May 1, 2022 – October 31, 2022)	41st Fiscal Period (November 1, 2022 – April 30, 2023)
Deposits at end of the preceding period		622,224	636,547
Deposits made during the period		14,323	14,323
Amounts used from deposits during the period		–	12,500
Deposits carried forward to the next period		636,547	638,370

OVERVIEW OF FUND PROCUREMENT

1. Borrowing of Funds, etc.

(1) NUD refinanced the 11,000 million yen in long-term loans borrowed on December 8, 2015 into long-term loans on November 30, 2022. The breakdown of lenders, etc. of the 11,000 million yen in these long-term loans is as follows:

Lenders	Aozora Bank, Ltd.	NTT TC Leasing Co., Ltd.	Resona Bank, Limited	Sumitomo Mitsui Trust Bank, Limited
Amount of Debt Finance	1,500 million yen	1,500 million yen	1,500 million yen	500 million yen
Drawdown Date	November 30, 2022			
Principal Repayment Date	November 28, 2031			
Principal Repayment Method	Lump-sum repayment upon maturity			
Interest Rate	Fixed rate: (1.03500%)			Fixed rate: (1.01500%)
Collateral/Guarantee	Unsecured and non-guaranteed			

Lenders	Aozora Bank, Ltd.	NTT TC Leasing Co., Ltd.	Resona Bank, Limited	Sumitomo Mitsui Trust Bank, Limited	Mizuho Bank, Ltd.
Amount of Debt Finance	1,500 million yen	1,500 million yen	1,500 million yen	1,000 million yen	500 million yen
Drawdown Date	November 30, 2022				
Principal Repayment Date	November 30, 2032				
Principal Repayment Method	Lump-sum repayment upon maturity				
Interest Rate	Fixed rate: (1.11125%)				Fixed rate: (1.10125%)
Collateral/Guarantee	Unsecured and non-guaranteed				

(2) NUD borrowed 5,000 million yen in total in a short-term loan to partly fund the acquisition of the beneficiary interest in a real estate trust for Urbannet Nakano Building, which NUD acquired as of March 14, 2023. The breakdown of lender, etc. of the 5,000 million yen in the short-term loan is as follows:

Lender	Sumitomo Mitsui Trust Bank, Limited
Amount of Debt Finance	5,000 million yen
Drawdown Date	March 14, 2023
Principal Repayment Date	April 10, 2023
Principal Repayment Method	Lump-sum repayment upon maturity
Interest Rate	Floating rate (1-month TIBOR + 0.13500%)
Collateral/Guarantee	Unsecured and non-guaranteed

(3) NUD refinanced the 3,700 million yen in long-term loans borrowed on March 28, 2022 into 3,700 million yen in short-term loans on March 31, 2023. The breakdown of lenders, etc. of the 3,700 million yen in the short-term loans is as follows:

Lenders	Mizuho Bank, Ltd.	Sumitomo Mitsui Trust Bank, Limited	MUFG Bank, Ltd.	Sumitomo Mitsui Banking Corporation	NTT TC Leasing Co., Ltd.
Amount of Debt Finance	1,700 million yen	1,100 million yen	300 million yen	300 million yen	300 million yen
Drawdown Date	March 31, 2023				
Principal Repayment Date	March 29, 2024				
Principal Repayment Method	Lump-sum repayment upon maturity				
Interest Rate	Floating rate (1-month TIBOR + 0.14000%)			Floating rate (1-month TIBOR + 0.16000%)	
Collateral/Guarantee	Unsecured and non-guaranteed				

As a result of the above, NUD's interest-bearing liabilities totaled 124,850 million yen as of April 30, 2023. The breakdown is as follows: 3,700 million yen in short-term loans, 109,950 million yen in long-term loans (including long-term loans due within one year) and 11,200 million yen in corporate bonds (including corporate bonds due within one year). Of the total interest-bearing liabilities, the ratio of long-term interest-bearing liabilities\* was 97.0%.

\* Ratio of long-term interest-bearing liabilities = total long-term interest-bearing liabilities/total interest-bearing liabilities x 100%

2. Credit Ratings

NUD has been granted the following issuer and bond credit ratings.

Rating Agency	Rating	
	Issuer rating (Rating outlook)	Bond rating
Japan Credit Rating Agency, Ltd. (JCR)	AA- (Positive) *1	AA- *2

\*1 Japan Credit Rating Agency, Ltd. (JCR) announced that it changed NUD's rating outlook as described below as of November 29, 2022.

• Issuer rating (Rating outlook): AA- (Stable) → AA- (Positive)

\*2 The bond rating has been granted to the 8th Unsecured Corporate Bonds, the 9th Unsecured Corporate Bonds (with pari passu conditions among specified investment corporation bonds) (green bonds) and the 10th Unsecured Corporate Bonds (with pari passu conditions among specified investment corporation bonds) (green bonds).

I. INVESTMENT POLICY

1. Basic Policy

NTT UD REIT Investment Corporation (NUD) shall invest in real estate located primarily in the Tokyo metropolitan area, comprising buildings and land which are primarily for office and residential uses, as well as in securities and other assets that are backed by such real estate. NUD shall conduct management with an aim to ensure solid growth of its assets and to secure stable earnings from medium- to long-term perspectives.

NTT Urban Development Asset Management (UDAM), the asset manager of NUD, has established Asset Management Guidelines as its internal rules for conducting asset management of NUD.

UDAM has established such Asset Management Guidelines based on the belief that they should be most suited to the basic policy for managing the assets of NUD in light of the existing market environment and economic conditions. The following is a summary of the Guidelines:

2. Portfolio Management Standards Based on Basic Policy

1. Holding Period

In principle, all investment assets are held for the medium to long term. No assets will be acquired solely for the purpose of divestiture after a short period of time.

2. Acquisition Standards

A) Acquisition Standards

In acquiring investment assets in which NUD invests, UDAM shall comprehensively investigate the real estate market situation over the medium to long term, the investment returns assumed from the acquisition prices of and the expected income from relevant investment assets, fluctuations in asset values and their forecasted fluctuations, prospects and stability of areas where the properties are located, building size, building and facility specifications, earthquake resistance performance, status of rights, tenants, property management conditions, environment and soil quality, current responses to deterioration or obsolescence of real estate, projected future capital expenditures thereof,

status of insurance and other factors, and select investments after considering the importance of these assets in the portfolio structure. In doing so, steps shall be taken to construct a portfolio that clearly classifies the strategic position of these investment assets.

B) Use [see table on page 52](#)

a. NUD shall invest in real estate, its leasehold interest or surface rights (chijo-ken), real estate in trust underlying its beneficial interests, its leasehold interest or surface rights, and real estate underlying equity investments in real estate backed securities or anonymous partnerships (hereinafter, “Real Estate Backed Securities, etc.”), its leasehold interests or surface rights (collectively referred to as “Investment Real Estate”), all of which shall be primarily for office and residential uses. However, such properties may in some cases be used partially for retail or other purposes. Consequently, the office buildings and residential properties acquired by NUD may include properties that are partially used for retail or other purposes.

b. In consideration of the characteristics of each real estate use indicated in the table on page 52, NUD works to ensure diversification of property uses by investing primarily in both office buildings and residential properties while assigning a relatively high importance to office buildings, aiming to minimize the effects of changes in economic and social conditions on NUD’s earnings and ensure creation of stable cash flow over the medium to long term.

C) Areas [see table on page 53](#)

a. As noted earlier, NUD’s investments are focused primarily in the Tokyo Economic Bloc, which is characterized by high concentrations of people and industries and an established economic foundation, and in Major Regional Cities.

b. Specifically, by dividing the investment target areas into the categories of the 5 Central Wards of Tokyo, the Other 18 Wards of Tokyo, the Urban Areas Surrounding Tokyo and the Major Regional Cities, and by considering the

balance between those categories while concentrating on the 5 Central Wards of Tokyo, NUD seeks to achieve a portfolio diversified by asset type comprising office buildings and residential properties. NUD diversifies its investment targeting to achieve a geographical split as indicated in the table on page 53 for both office buildings and residential properties (each of which is set at 100% in the table).

D) Asset Size per Property

[see table on page 53](#)

a. Office buildings

In principle, office buildings with leasable floor space of approximately 2,000m<sup>2</sup> (approximately 700 tsubos) or more, and standard floor sizes of approximately 300m<sup>2</sup> (approximately 90 tsubos) or more, are the investment targets.

b. Residential properties

In principle, residential properties of the sizes indicated in the table on page 53 are the investment targets (in accordance with the classifications by unit type).

For both office buildings and residential properties, NUD will determine the appropriate size of each property based on the standards above and by considering the regional characteristics of the location and the compatibility of asset size with the location.

E) Due Diligence [see table on page 54](#)

NUD decides on whether or not it will acquire investment assets in a comprehensive manner after conducting economic, physical and legal inspections of the assets. The table on page 54 lists the items that are, in principle, investigated in conducting such economic, physical and legal inspections. However, since the importance of each item listed in the table in deciding on the acquisition of investment assets may differ depending on the use of the Investment Real Estate or the type and nature of the investment assets, NUD will not necessarily examine all of the said items before acquiring the investment assets. In addition, the investment assets acquired by NUD may not in the end satisfy all of the standards of such items, which are intended for the inspections and investigations for deciding on the acquisition of the investment assets.

Use

Use	Key Investment Points (Note 1)
Office Buildings	a. In the real estate market of Japan, office buildings are relatively less individualized and are available in a greater stock compared to real estate provided for other uses, and therefore may be considered relatively superior with respect to market scale and liquidity. For these reasons, NUD has positioned office buildings as its primary investment target.
	b. Demand from tenants (lessees) for office buildings may fluctuate, due to business cycles and other economic trends. Consequently, this might adversely affect NUD’s profitability with regard to its office buildings. However, compared to real estate for other uses, office buildings are generally expected to generate relatively higher levels of profitability.
	c. NUD will consider acquisition of large-scale office buildings with great care, after thoroughly investigating future supply and demand trends and location characteristics.
Residential Properties	a. NUD invests in Japanese rental residential properties commanding relatively high quality in terms of designs of exteriors, entrances and other areas, specifications of story height, exterior walls and other items, total floor space, floor plans and other aspects.
	b. Rental residential properties are relatively resistant to adverse changes in economic and social conditions compared to real estate for other uses, and thus are expected to yield relatively stable earnings. Due to such characteristics, NUD has positioned rental residential properties as part of the main investment target for the purpose of stabilizing cash flow and diversifying investment assets.
	c. As of the date of this document, UDAM expects that the market for rental residential properties in the Tokyo Economic Bloc will expand and diversify over the medium to long term due to the effects of the recent demand for returning to city centers and lifestyle changes. However, if UDAM determines that the aforementioned characteristics have been damaged due to changes in the market or other reasons, different investment decisions may be made.
(Classification by type of residential properties)	d. Since tenants of rental residential properties are particularly selective about geographical areas, and different markets are formed for different types of residential properties, NUD invests in said properties based on the following analyses and understandings of the future supply and demand trends and other factors in accordance with the characteristics of respective property types.
	a. This type refers to residential properties specially planned and designed for expatriates (i.e., persons dispatched or set off from abroad to offices established in the Tokyo Economic Bloc by Western and multinational companies) under limited location conditions in accordance with their lifestyles.
	b. Recently, the tenant demand for these properties has increased among wealthy Japanese families as well. Like those described in a. above, these tenants have higher creditworthiness than those of other types of residences, and the risk of delinquent rent and similar problems with regard to such tenants appears to be low.
Wide	c. Because the properties with this type of units are in shorter supply than office buildings, residential properties intended for Japanese residents and real estate for other uses, stable income is expected due to its scarcity and other features. Also, depending on the quality of management performance, differences in profitability may arise regarding investments in these properties.
Family	a. This type refers to residential properties intended for mean-income Japanese families (especially families with three or more members, including children), and are designed to meet their lifestyles.
	b. Generally, these families tend to place emphasis on neighborhood scenes and living environments; thus, they tend to prefer locations away from the center of Tokyo. These properties are expected to yield relatively high levels of profitability.
DINKs	a. This type refers to residential properties intended for young households (without children) where both partners work, and are designed to meet their lifestyles. (DINK is the acronym for “Double Income, No Kids.”)
	b. Demand of these tenants tends to focus on areas with convenient commuter access to the center of Tokyo. Since those properties appear to be in short supply in such areas and said households of DINKs earn high levels of income, these properties have a scarcity value, and are expected to yield relatively high profitability.
Single	a. This type refers to residential properties intended for persons living alone, and are designed to meet their lifestyles.
	b. Together with diversifying lifestyles, the market for more spacious and higher-quality residential properties targeting singles is growing steadily, and such properties are expected to continue yielding stable profitability going forward.
	c. Since the 5 Central Wards of Tokyo (Note 2), especially Minato, Shinjuku and Shibuya Wards, enjoy higher average rents and more stable demand with respect to these properties compared to other areas, investments in properties located in these wards may increase cash flow.

(Note 1) The “Key Investment Points” in the table above reflect the current views of UDAM as of the date of this document. These points may change due to future economic and real estate market trends. Moreover, they provide no guarantee of future trends regarding the degree of importance of properties for different uses, future earnings yield thereon or other considerations.

(Note 2) The 5 Central Wards of Tokyo in this Semiannual Report refer to Chiyoda, Chuo, Minato, Shinjuku and Shibuya Wards (hereinafter the same).

F) Standards for Tenant Selection

■ see table below

- a. Credit, as well as other information, is checked regarding prospective tenants in line with the attribute classifications indicated in the table below. With respect to checks of corporate tenants, when their credit status cannot be determined from the materials obtained or when otherwise deemed necessary, databases of outside research agencies and other materials will be used. When examination results of credit checks and other matters are recognized to be satisfactory, judgment will be made on the appropriateness of executing a lease agreement after comprehensively considering rent level, term of lease, amount of deposit, type of tenant business, balance with other tenants in the subject property, size and configuration of desired space, and other matters.
- b. Concerning current tenants and new tenants with whom lease agreements have been concluded, NUD as a rule intends to maintain long-term relationships to the

fullest extent possible. However, in Japan, the term of a lease agreement for both office buildings and residential properties is usually two years. Moreover, many agreements include provisions that allow tenants to cancel the agreement by providing notice in advance for a certain period of time. Such provisions are also included in many of the lease agreements for the investment assets of NUD.

G) Amount of Investment

- a. From the standpoint of increasing the efficiency of asset and real estate management, the smallest amount of investment in each investment asset will be one billion yen (¥1,000,000,000) (which only covers the purchase price and excludes taxes, acquisition expenses, etc.) as a rule.
- b. On the other hand, the maximum ratio of the investment amount of a single investment asset will, in principle, be 25% of the total amount invested in the investment assets after investing in that single asset, and an investment decision shall

be made after considering the overall portfolio structure and effects of diversification investments.

3. Sales Policy

A) The basic policy is to hold the investment assets acquired by NUD over the medium to long term. In principle, NUD does not plan to sell the acquired investment assets over the short term.

B) Considered in the medium to long term, however, NUD may investigate sales of its investment assets after the portfolio structure is strategically classified, comprehensively taking into consideration such factors as real estate market conditions, projected future earnings, current fluctuations and forecasted fluctuations in asset values, future prospects and stability of areas where the properties are located, and projected capital expenditures, etc. arising from the deterioration or obsolescence of the real estate. Moreover, while the sales policy for each investment asset will basically be determined in the annual asset management plan, this plan may be revised as necessary.

Areas

Area	5 Central Wards of Tokyo	Other 18 Wards of Tokyo	Urban Areas Surrounding Tokyo <small>(Note 1)</small>	Major Regional Cities <small>(Note 2)</small>
Office buildings	50% or more	0% - 20%	0% - 40%	0% - 20%
Residential properties	50% or more	0% - 40%	0% - 20%	0% - 20%

(Note 1) The Urban Areas Surrounding Tokyo refers to Tokyo Prefecture excluding the 23 wards of Tokyo, Kanagawa Prefecture (Yokohama City, Kawasaki City and other cities), Saitama Prefecture (Saitama City and other cities) and Chiba Prefecture (Chiba City and other cities) (hereinafter the same).

(Note 2) The Major Regional Cities refers to such cities as Sapporo, Sendai, Shizuoka, Nagoya, Osaka, Kyoto, Kobe, Hiroshima, Okayama and Fukuoka, etc. (hereinafter the same).

(Note 3) Diversification ratios by area show the respective ratios of office buildings and residential properties. Since the figures in the table represent ranges, the total of such figures is not necessarily 100%. Although NUD makes investments by aiming to achieve the ratios above, the actual ratios may differ in the course of acquiring the investment assets.

Standards for Tenant Selection

Classification	Check Items (Details)
Corporations	1. Business types, business history, financial details (i.e., financial soundness), etc. 2. Purpose of lease (e.g., purpose of use, period) 3. Existence or non-existence of joint and several guarantors and attributes of such guarantors
Individuals	1. Office and details of employment, service years, etc. 2. Annual income (and the proportion of the total amount of rent to annual income, etc.) 3. Purpose of lease (e.g., purpose of use, period and number of residents) 4. Existence or non-existence of joint and several guarantors and attributes of such guarantors (e.g., relationship with such individuals) 5. Age, gender, family structure, etc.

Asset Size per Property

	Dedicated Use Area per Rental Unit	Number of Rental Units
Wide	80m <sup>2</sup> or more	10 or more
Family	60m <sup>2</sup> or more	20 or more
DINKs	40-80m <sup>2</sup>	20 or more
Single	25-40m <sup>2</sup>	30 or more

Due Diligence

	Item	Details
Economic Inspection	Tenant inspection	1. Financial credibility, status of rent collection, etc. of tenants 2. Tenants' business types, number of tenants, purposes of use, etc. (including household conditions for residential properties) 3. Past occupancy rates, rent trends and future expectations 4. Proportion occupied by each tenant, diversification of tenants, etc.
	Market research	1. Market rents, occupancy rates, trends in competing properties and tenant demand, etc.
	Income-related	1. Inspection of competitive strength, including ability to attract tenants and resale potential 2. Lease agreement levels, lease agreement structures, and possibility of renewal of such agreements 3. Expense levels, structures of agreements related to expenses, and possibility of renewal of such agreements 4. Inspection of appropriate levels of rents and expenses, and possibility of projected future expense burdens 5. Comparison of maintenance and repair plans with actual funds accumulated
Physical Inspection	Location	1. Condition of roadways, access to primary means of transport (e.g., passenger trains), numbers of users of primary means of transport 2. Location and accessibility of convenience facilities, commercial facilities, public offices, and recreational facilities, status of usage of neighboring and nearby land, and future indicators (all of which are specific to residential properties) 3. Status of sunlight, vistas, views, noise, etc. (all of which are specific to residential properties) 4. Area's name value, reputation, scale, etc.
	Construction, facilities and specifications	1. For both office buildings and residential properties: Design, primary structure, building age, construction companies, etc. 2. Conditions of interior and exterior components Office buildings: Configuration of rental floors, free-access floors (e.g., OA floors), subdivision measures, ceiling heights, electrical capacity, air-conditioning system, floor load, illuminance, security measures, water supply and drainage facilities, elevator facilities, parking, other common facilities, etc. Residential properties: Configuration of rental rooms, floor plans, ceiling heights, security measures, broadcast reception equipment, water supply and drainage facilities, elevator facilities, parking for cars and bicycles, assembly rooms, other common facilities, etc.
	Earthquake resistance	1. Achievement of performance in line with new earthquake-resistant construction standards (the earthquake-resistant construction standards based on the Building Standards Act revised in 1981) or equivalent or higher standards 2. In principle, the probable maximum loss (PML (Note)) value caused by an earthquake should be less than 20%. Reinforcement work for earthquake resistance or other similar measures must be taken for a property with a PML of 20% or more for acquiring the property.
	Property management	1. Compliance with applicable laws and regulations (specifically, the Fire Service Act, City Planning Act and other building-related laws and regulations), etc. 2. Estimates of future maintenance and repair expenses (for the next ten years or so) based on building condition reports 3. Quality of property management, existence or non-existence of and terms of management bylaws, and the quality and financial credibility of a property management company
Legal Inspection	Environment, ground characteristics, etc.	1. Status of use and management of hazardous materials such as asbestos, chlorofluorocarbons, and PCBs 2. Soil quality, land use history, status of soil contamination, etc.
	Title, etc.	Matters relating to rights in a property, including the following items, will be carefully investigated, considering the reliability of titles of former owners and other parties. Particularly careful investigations are required with regard to properties with complex title arrangements such as those for which NUD does not hold any ownership or not hold ownership independently (e.g., properties for which NUD holds co-ownership or compartmentalized ownership or leased land). 1. Completion or incompleteness of the perfection of a leasehold interest and review of other interests or rights superseding the leasehold interest 2. Existence or non-existence of registration of rights for a site where the building is located, existence or non-existence of (i) restrictions on separate disposition of a building and the right for a site where a property is located and (ii) registrations thereof, and (iii) proportions of ownership shares 3. Measures for securing the repayment of deposit money, and policies and measures concerning reserve funds accumulated for long-term maintenance and repair plans 4. Existence or non-existence of (i) special agreements prohibiting separation of co-ownership interest and (ii) registration thereof, appropriate measures concerning such matters as requests for separation of co-ownership interest and sales of said co-ownership interests, and obligations and rights between such owners 5. Compartmentability of compartmentalized ownership 6. Status of collateral established before acquisition of the property by NUD, terms of such collateral agreement, and whether any such collateral agreement is to be succeeded 7. Terms of agreements, special agreements, etc. which are executed with lessors of leasehold interests, compartmentalized owners, co-owners and other related parties (particularly, existence or non-existence of first refusal right, and details of such right) 8. Attributes of lessors of leasehold interests, compartmentalized owners, co-owners and other related parties (including whether they are corporations or individuals) 9. Terms of trust agreements in the case of trust beneficial interests of real estate in trust
	Property line inspection	1. Status of confirmation of boundaries, existence or non-existence of any assets extending beyond boundaries, and related circumstances
	Tenant attributes	1. Purpose of use by tenants, and formats of agreements with tenants 2. Existence or non-existence of any disputes with tenants

(Note) Probable Maximum Loss (PML) refers to the maximum estimated rate of loss resulting from an earthquake. Although there is no single precise definition of PML, as used here, PML refers to the ratio (in terms of percentage) of projected construction costs to restore the damaged building to the state before suffering damage to total reconstruction work costs (replacement price) for the said building when there occurs the strongest earthquake (Probable Maximum Earthquake (PME): a major earthquake occurring once every 475 years with a 10% probability of occurrence during every fifty-year period) expected to occur in the area where the building is located. Furthermore, the PML value does not consider the impact of destruction of neighboring buildings or damages by water, fire or other causes.

a. Strategic classifications

Classification	Strategic Significance
Core Assets	Assets with respect to which the basic policy is to carry over in the long term for the purpose of ensuring medium- to long-term stability of earnings.
Active Assets	The investment assets with higher liquidity, from which earnings based mainly on medium- to long-term rent income (income gains) are obtained, provided that the total returns (income gains plus capital gains) including earnings from sale (capital gains) based on the increased asset values (value enhancement) from the increase in the income gains after acquisition, are also intentionally and proactively sought.

The upper limit on active assets as a proportion of the portfolio shall be 20% as a rule.

b. Specific cases where sale will be considered

1) When a strategic sale would contribute to earnings of NUD:

[Example] When the property value increases through improved profitability resulting from measures such as lower vacancy rates, higher rent income, or reduced expenses.

2) When an investor offers an attractive purchase price:

[Example] When the prospective purchaser indicates a strong intent to purchase, for instance, by making an attractive bid that exceeds appraisal value by 10% or more or otherwise exceeds the estimated value in the surrounding area due to such prospective purchaser's special circumstances.

3) When the property has lost strategic importance:

[Example 1] When the age of the property reduces its profitability, and it is determined that the targeted earnings will not be achieved even with additional allocation of capital.

[Example 2] When another investment asset with higher profitability has been acquired in the same area, or the fact that the marketability in the surrounding area has remarkably declined or other circumstances are judged to have led the asset to lose importance in the portfolio structure.

4) When the property is sold from a financial viewpoint:

[Example] When a reduction in the interest-bearing liabilities ratio is intended.

C) The Investment Real Estate related to the investment assets to be sold will be sold through measures such as the acceptance of competitive bids over a limited period and use of competitive real estate brokers and specialized agents, so that sales at high prices can be realized.

4. Policy for Investment in Development Projects

NUD shall, in principle, acquire investment assets that provide or promise stable rental income or similar earnings. NUD does not intend to acquire undeveloped land and construct buildings thereon. However, with regard to an investment property being constructed by a third party, NUD may decide on investing in it even before completion if, for example, it is determined that such property under construction is capable enough to securely attract tenants after completion and risks regarding completion and delivery have been minimized. In this case, the investment determination shall be made by comparing the benefits of acquiring such an investment asset with the negative impact of not earning rental income over the period until the asset begins to generate such income, as well as other risks possibly borne by NUD in connection with acquiring the investment asset.

5. Investment Policy for Real Estate Backed Securities, etc.

When NUD invests in the Real Estate Backed Securities, etc., the investment decision shall be made after additionally investigating the following items.

A) The Investment Real Estate underlying the Real Estate Backed Securities, etc. shall be assets compliant with the Targets and Policies of Asset Management stipulated in the Attachment to the Articles of Incorporation of NUD.

B) In principle, NUD shall be given an opportunity to acquire the underlying Investment Real Estate when it is being sold.

C) The same policy as indicated in the above subparagraph 4 shall be followed when NUD invests in the Real Estate Backed Securities, etc. of which the underlying

Investment Real Estate is development properties.

6. Insurance Policy

Determination as to whether or not the investment assets should be insured against earthquake damage will be made by comparing the effects of such a disaster with the cost of casualty insurance premiums, using the PML value of the entire portfolio as a basis. If any individual property has a high PML value, taking out an earthquake insurance policy on such individual property will be considered.

7. Investment Policy for Healthcare Facilities

A) Investment Policy for Healthcare Facilities

When NUD invests in "serviced apartments for the elderly" as defined in the Act on Securement of Stable Supply of Elderly Persons' Housing (Act No. 26 of 2001, as amended) and "fee-based homes for the elderly" and "group homes for the elderly with dementia" as defined in the Act on Social Welfare for the Elderly (Act No. 133 of 1963, as amended) (hereinafter, collectively referred to as "healthcare facilities"), it shall refer to the "Guideline related to the utilization of healthcare REITs targeting housing for the elderly, etc." announced by the Ministry of Land, Infrastructure, Transport and Tourism on June 27, 2014; receive advice from outside experts who, based on their experience in investment, financing, due diligence, real estate appraisal and operations of healthcare facilities, fully understand the business characteristics of healthcare facilities where living services and nursing services are provided (hereinafter, the "outside experts"); and pay attention to the following points.

a. Due diligence in consideration of the business characteristics

When acquiring relevant healthcare facilities, business due diligence (including investigations on the operational ability of the operators for the facilities and the stability of their business management, tours to the facilities conducted as needed, and hearing from the facility heads) shall be implemented to analyze the durability and stability of their business in consideration of the business characteristics of healthcare facilities, either by receiving advice from the outside experts or consign the relevant operations to the outside experts.

b. Publicity of the healthcare REIT scheme

NUD shall encourage the operators to let the facility users fully understand the scheme of the investment corporation system and performance results and initiatives by investment corporations, etc. When necessary, UDAM shall also work to make the users familiar with these matters.

c. Confirmation of appropriate operations of healthcare facilities

In order to ensure that facility users feel secure, confirmation shall be made as to legal compliance and responses to notifications, etc. from local governments regarding such matters as the conditions and use fees of the facilities and contract details. For fee-based homes for the elderly (excluding those registered as serviced apartments for the elderly), in particular, it shall be noted that local governments have prepared guidelines for guiding principles that suit the local situations, in reference to the Standard Guidelines for the Establishment and Operation of Fee-Based Homes for the Elderly (Rouhatsu 0718003, Notice by the Director of Health and Welfare Bureau for the Elderly dated July 18, 2002), and conduct administrative guidance based on the principles.

d. Securing appropriate operations of healthcare facilities

In order to ensure that facility users feel secure, NUD shall request the operators to express in the lease contracts or alternative agreements and memorandums between NUD and the operators that, with regard to the use fees and contract details, they will comply with relevant laws and regulations that are applicable to the healthcare facilities that may be managed by NUD and that they will operate such facilities in response to the administrative guidance.

e. Other

With regard to a through d above, regulations on real estate investment trusts and real estate investment corporations designated by The Investment Trusts Association, Japan ("Investment Trusts Association"), etc. shall be abided by so that the users do not feel uneasy.

8. Financial Policy

A) Loans and Corporate Bonds

a. In order to achieve the steady growth of investment assets and efficient and stable operation of investments, NUD may borrow funds or issue corporate bonds to raise funds to acquire or repair assets, pay distributions, fund NUD's operation, or repay debts (including repayment of deposit money, loans and obligations of its corporate bonds (including short-term corporate bonds; hereinafter referred to as "Corporate Bonds")). However, the respective maximum limit of the loans and bond issuances shall be one trillion yen (¥1,000,000,000,000) and the combined amount shall not exceed one trillion yen (¥1,000,000,000,000) (Articles 14-1 and 14-3 of the Articles of Incorporation).

b. In the case of borrowing funds in accordance with above a., NUD shall select effective means of funding from the perspective of the term of the loan and the fixed or floating interest rate structures, and aim to raise funds at low costs after comprehensively considering the capital market and the financial environment, and after making projections concerning future changes in economic and social climates. Moreover, in order to flexibly respond to the capital needs for the acquisition of new investment assets, repayment of security deposits or other monies in custody for tenants, or other events, NUD may enter into agreements (e.g., commitment line agreements) by which a credit line will be established in advance or agreements on the reservation of loans at any time it requires.

c. When borrowing funds in accordance with above a., the said funds shall only be borrowed from qualified institutional investors designated by the Financial Instruments and Exchange Act (hereinafter referred to as "FIEA") (on the condition, however, that they are the institutional investors designated in the "Special Tax Measures for an Investment Corporation" under the Act on Special Measures Concerning Taxation).

d. NUD may offer its investment assets as collateral for borrowed funds or the issuance of corporate bonds.

e. NUD shall aim to maintain the ratio of the

balance of loans and issued corporate bonds to total assets (Note) (hereinafter referred to as "loan-to-value ratio") at 60% or less. However, in connection with the acquisition of new investment assets and other circumstances, this ratio may tentatively exceed 60% for a short period of time.

(Note) Total assets shall be the amount obtained by adding the book value of the preferred securities as of the end of the most recent fiscal period to the value of the real estate and beneficial interests calculated on the basis of the appraisals by real estate appraisers as of the end of the said fiscal period.

B) Issuance of Investment Units for Subscription

a. To raise funds, NUD may, upon approval of the Board of Directors, issue investment units for subscription.

b. Issuance of investment units for subscription shall be determined by considering NUD's financial situation, including the loan-to-value ratio, and the dilution of the investment units.

3. Property Management Policy

A) In managing real estate, NUD intends to maintain and enhance the value and competitiveness of its assets through continuous capital expenditures made from a medium to long-term perspective, and aims to achieve steady growth in investment returns through higher earnings (e.g., increases in rents, decreases in vacancy rates, and prolonging and fixing the terms of agreements) and reduced expenses (e.g., reduction in outsourcing fees, utility expenses and other fees and expenses).

B) UDAM shall select an appropriate party to contract with for the provision of property management services for each acquired investment property by considering the details of the items listed below (see table on page 57). If such a party falls under the category of interested parties as stipulated in the Regulations on Transactions with Interested Parties, UDAM shall consign the property management services to the party only when the standards and procedures stipulated in the said Regulations are satisfied, on top of the following requirements.

In renewing the property management agreement, NUD shall consider the details of the following items, in addition to (1) through (7) listed below, to make comprehensive judgment. Furthermore, UDAM will

periodically check the quality of the services provided by the consigned property management companies, not limited to the time of renewing the contract.

- A. No material breach of the property management agreement is made by the consigned party during the consigned period.
- B. No inappropriate fact must occur during the consigned period as to reporting of important matters and settlement of monies.
- C. The party must be recognized to have the structure and capability to appropriately implement the services.
- C) NUD may accumulate a long-term maintenance and repair reserve, a reserve for payments, a reserve for distributions and other similar reserves and allowances as deemed necessary to maintain the investment assets or enhance their value.

D) NUD will endeavor to take measures such as maintaining appropriate allocation rates of investments and taking out insurance against losses (e.g., fire and general liability insurance) in order to avoid major declines and fluctuations in earnings caused by disasters, move-outs of tenants and other factors.

E) To secure stable earnings over the medium to long term, NUD shall, in principle, lease all of its Investment Real Estate (including facilities such as parking lots and signage). At the time of leasing, NUD may collect deposits and guarantees and other similar monies. The said monies shall be invested pursuant to the provisions of the Targets and Policies of Asset Management stipulated in the Attachment to the Articles of Incorporation of NUD.

F) The occurrence of unforeseen events, such as drastic changes in funding conditions, general market conditions, and real

estate market conditions, may prevent the operations described above.

4. Disclosure Policy

A) NUD shall make efforts to provide appropriate information for making investment decisions at all times by disclosing, to the greatest extent possible, information that is considered useful for unitholders/investors to understand NUD.

B) NUD shall make efforts to establish a system which enables prompt transmission of accurate and unbiased information to unitholders/investors.

C) NUD shall disclose information in accordance with the contents and the formats required by the Act on Investment Trusts and Investment Corporations, the Financial Instruments and Exchange Act, the Tokyo Stock Exchange, the Investment Trusts Association, etc.

II. CASH DISTRIBUTION POLICY

1. Distribution of Profits

In principle, NUD shall make distributions based on the following policies (Article 13-1 of the Articles of Incorporation):

- 1) Of the total cash amount to be distributed to unitholders, profits (the amount obtained by subtracting the sum total of unitholders' capital and surplus from the net assets amount appearing on the balance sheets of NUD; hereinafter the same) shall be calculated based on the Investment Trusts Act, corporate accounting standards generally accepted in Japan and other corporate accounting practices.
- 2) Where it is approved by tax-related laws and regulations in Japan to include the cash distributions to unitholders of NUD in deductible expenses under certain

conditions, NUD must make cash distributions to its unitholders in a way that meets the requirements provided by the tax-related laws and regulations in Japan for approving the inclusion in deductible expenses.

2. Distributions in Excess of Earnings

When it is possible to reduce imposition of corporate tax and other taxes for NUD or is otherwise determined by the Board of Directors as appropriate, NUD shall be able to make cash distributions in excess of earnings based on the Statements of Cash Distributions approved by the Board of Directors, pursuant to the provisions of the Investment Trusts Act, on the condition that, however, the distribution amount shall not exceed the amount designated by the rules of the Investment Trusts Association, etc. (Article 13-2 of the Articles of Incorporation).

3. Distribution Method

Distributions provided in 1. and 2. above shall be paid in cash and, in principle, distributed within three months from the settlement date to the unitholders or registered investment unit pledgees who are listed or registered or recorded in the latest unitholders registry as of the settlement date, in accordance with the number of investment units held by the unitholders or the number of investment units subject to the registered pledges of investment units (Article 13-3 of the Articles of Incorporation).

4. Limitation on Cash Distributions

If the distributions specified in 1. and 2. above are unclaimed for a period of three full years after the date on which such distributions first became payable, NUD shall be discharged from its payment obligation thereof. Furthermore, any distributions remaining unpaid shall bear no interest (Article 13-4 of the Articles of Incorporation).

Standards for Selection of Property Manager

Item	Details
(1) Business history	1. Deemed to be capable of appropriately implementing operations due to such reasons as having been engaged in property management services for at least three years or having been in charge of property management services for the relevant individual properties or facilities and residences for the elderly so as to have a thorough knowledge of the situation and characteristics of such properties.
(2) Financial standing	1. Not generating net loss continuously for the most recent three fiscal periods 2. Not in a state of insolvency in any of the most recent three fiscal periods
(3) Organizational structure	1. Preparation of internal regulations 2. Number of employees 3. Establishment of compliance structure and business audit system 4. Track record related to the subject investment assets, feasibility of implementing operations in accordance with management plans, and continuity of management operations 5. Establishment of a system to avoid conflicts of interests
(4) Level of knowledge and experience regarding the relevant properties and relationship with the tenants (or operators of the facilities and residences for the elderly)	1. Consigned period for the relevant properties 2. Any trouble with the tenants or operators
(5) Ability to report on the relevant properties	1. Capable of preparing management plans and monthly reports
(6) Level of compensation and fees	1. Level of compensation to be in the scope of market levels
(7) Social attributes	1. No fact of conducting material breach of laws and regulations or causing misconduct, etc. in the most recent three years, and no problem found in the legal compliance structure 2. Not belonging to or having a relationship with any anti-social forces

## Independent auditor's report

To the Board of Directors of NTT UD REIT Investment Corporation:

### Opinion

We have audited the accompanying financial statements of NTT UD REIT Investment Corporation ("the Investment Corporation"), which comprise the balance sheet as at April 30, 2023, the profit and loss statement, statement of changes in unitholders' equity and cash flow statement for the six months period then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Investment Corporation as at April 30, 2023, and its financial performance and its cash flows for the six months period then ended in accordance with accounting principles generally accepted in Japan.

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Investment Corporation in accordance with the ethical requirements that are relevant to our audit of the financial statements in Japan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter

We draw attention to Note-21 to the financial statements, which states that the Investment Corporation sold a property subsequent to April 30, 2023. Our opinion is not modified in respect of this matter.

### Other Information

The other information comprises the information included in the Semiannual Report, but does not include the financial statements and our auditor's report thereon. Management is responsible for the preparation and presentation of the other information. The supervisory directors are responsible for overseeing the directors' performance of their duties with regard to the design, implementation and maintenance of the reporting process for the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### Responsibilities of Management and Supervisory Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Investment Corporation's ability to continue as a going concern, and disclosing, as applicable, matters related to going concern in accordance with accounting principles generally accepted in Japan.

Supervisory directors are responsible for overseeing the executive director's performance of his duties with regard to the design, implementation and maintenance of the Investment Corporation's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in Japan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of our audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, while the objective of the audit is not to express an opinion on the effectiveness of the Investment Corporation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Investment Corporation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Investment Corporation to cease to continue as a going concern.

DISCLAIMER

- Evaluate whether the presentation and disclosures in the financial statements are in accordance with accounting standards generally accepted in Japan, the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the executive director regarding, among other matters, the planned scope and timing of the audit, significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the executive director with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Interest required to be disclosed by the Certified Public Accountants Act of Japan

We do not have any interest in the Investment Corporation which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.
